MAKING FIRST OPERA APPEARANCE HERE TONIGHT

## Change in Rules for Electing Judges Refused

STATE EXECUTIVE  
COMMITTEE TURNS  
DOWN LABOR PLEA

Holds That Candidates  
for Superior Court Judge-  
ships Must Announce  
Against Specific Judge.

STATE PRIMARY SET  
FOR SEPTEMBER 13

Rules Committee Requested  
at Meeting Here  
Thursday to Call Convention  
to Meet in Macon.

The Georgia state democratic executive committee, in session at the Ansley hotel Thursday, unanimously rejected a proposal of the Georgia Federation of Labor and the Atlanta Federation of Trades, for a repeal of the existing primary rule compelling candidates for superior court judgeships to announce against a specific judge.

The state primary was fixed for Wednesday, September 13, and the rules committee in executive session tentatively re-adopted all present rules at a meeting to be called by State Chairman William J. Vereen during the second or third week of May.

The rules committee was requested to call the state convention to meet in Macon.

The executive committee voted to add a new rule to the governing code of the party which will provide a uniform system of selecting county executive committees throughout the state. On this proposal, as on the labor union suggestion in regard to judgeship campaigns, a debate developed which, while earnest, developed no friction or unpleasantness.

Labor Chief Speaks.  
John G. Valentino, elected president of the Georgia Federation of Labor at its recent Macon convention, appeared before the executive body with a committee from the Atlanta Federation of Trades to support the proposal to change the present rules governing campaigns for superior court judgeships. Mr. Valentino argued that many good lawyers are deterred from entering the lists by fear of incurring the ill will of the incumbent for whose place he must offer. The labor committee proposed that all judges run for the office as other candidates do, with the high man, or men if more than one place is to be filled, being declared the nominees.

The proposal met emphatic resistance from members of the committee and from Atlanta lawyers. John Y. Smith, of Atlanta, appeared before the committee and entered a protest on the ground that the proposed change would compel every judge to enter the political arena at the end of every term. Under the present system, he pointed out, only the particular judge for whom opposition has been declared has to defend his seat at the polls. This view was supported by Judge J. R. Pottle, of Albany; John P. Knight, of Nashville; W. V. Custer.

Year's Work Vain  
In Boy's Struggle  
To Remain in U.S.

Despite Opinions of Teachers,  
Sammy Goldman Is  
Turned Down.

BY RODNEY F. DUTCHER.  
United News Staff Correspondent.  
New York, April 27.—Twelve months ago the medical officers at Ellis Island told 14-year-old Sammy Goldman that he wasn't bright enough to stay in America, and so he must go back to Russia. Sammy argued that there was no food in Russia, and that a place where soldiers beat children was no place to send a 14-year-old boy—just because he hadn't an education.

At this point Secretary of Labor Davis stepped in and told Sammy he could stay in America six months, and that during that time he might try to prove that he was as bright as American children. Sammy was taken to Syracuse, where his father and mother and sister lived. And for that six months, and a succeeding six months—through an extension of the time—he applied himself to the task—probably the most intensive mental effort ever put forth by a child because to Sammy it meant practically life or death.

Apparently Winning.  
His teachers in Syracuse realized what it meant to Sammy, and they helped him fight his battle. His progress, they said, was remarkable. Newspapers took up his case. Congressmen and city officials interested themselves in him. Dr. Hersey G. Locke, noted alienist, periodically tested his mental progress. Apparently Sammy was winning his fight.

His year was up Thursday, and his friends brought him proudly to New York, once more to go before the examining board at Ellis Island. The smiling board at Ellis Island.

Sammy did his best.  
"Within two years," Dr. Locke had said, "he will be equal to or surpassing the average native-born child of his age. Under proper surroundings, he has made extraordinary progress."

Board Says "No."  
The examining board made its report late Thursday afternoon. They told Sammy that he had failed to make good, and that he must go back to Russia. Sammy wept and so did his friends. Then they took him to the detention room to wait further orders.

The report has been forwarded to Washington. Executive or administrative clemency may save him. But if there is no interference, Sammy will go back. His father and mother and sisters will stay here.

Leaders in Fight  
For Better Films  
Will Meet Today

Morning Session for Delegates,  
But Public Is In-  
vited in Afternoon.

For the purpose of developing a greater interest in the "Better Films" movement in this section, leaders from civic and educational organizations in many sections and high officials of the motion picture industry will gather in the new Auditorium of the Atlanta Woman's club at 10 o'clock today for the first session of the Southeastern Better Films conference. The afternoon session will begin at 2 o'clock.

Mrs. B. M. Boykin, chairman of the local better films committee, will preside at both sessions. Delegates only will be admitted to the early session, but the public is urged to attend the afternoon session.

Organizations represented by delegates will be Parent-Teacher associations, the Drama League, the Little Theater guild, the Christian council, and the public schools.  
Mayor Key will welcome the delegates with a short address. Among the speakers on the morning program will be Mrs. Boykin, who will explain the purpose of the conference; Mrs. Charles J. Sharp, Birmingham News correspondent, whose topic will be "Results of Investigation of the Film Colony;" and H. T. Jones, public-relations representative of Southern Enterprises, Inc.

Governor Hardwick will speak on "The State and the Photoplay" at the afternoon session. "Crime and Motion Pictures" will be discussed by Burdett G. Lewis, commissioner of heretofore. You will "fall for" Diana Langley.

ings Are Shrouded in  
Deepest Secrecy, Indica-  
tions Point to Accept-  
ance of Offer.

LATE DEVELOPMENTS  
SHOWN BY DEDUCTION

It Is Observers' Belief  
That Main Obstacles in  
Proposals Have Already  
Been Overcome.

BY JAMES A. HOLLOMON,  
Constitution Bureau,  
Raleigh Hotel.

Washington, April 27.—(By Constitution Leased Wire.)—A great deal of secrecy surrounds the meetings of the house military affairs committee now considering recommendations for the disposition of the government plant at Muscle Shoals.

This body of the lower house has been holding executive sessions on the subject for the past two weeks with no official statement yet issued indicating the procedure followed. It is only known that a majority of the committee favor a recommendation authorizing the war department to accept the Ford lease, subject to minor modifications, but to what extent they have gone in formulating concrete commitments has not been disclosed as yet.

A close study of the situation, including private interviews with members of the committee and various persons called before the body as witnesses, has resulted in the following observations, which need only official sanction to be classified as optimistic developments tending to an early recommendation of the Ford lease: official sanction of the developments cannot come at this time, as members of the committee are sworn to secrecy in discussing matters brought up in executive sessions.

## Late Developments.

1. It is known that technical and legal representatives of Henry Ford have been regular attendants at committee hearings during the past few days.

2. That a definite proposition has been submitted to the Detroit manufacturer asking him to make certain modifications in his offer, which, it is reliably asserted, concern the Gorgas steam plant and flowage rights on Dam No. 3.

3. That a spirit of optimism prevails among members of the committee who are advocates of the Ford lease, and that this optimism is also reflected in conversations with representatives of Mr. Ford who have been attending the hearings.

4. Official denial today by members of the military affairs committee that there was any authority for the report that the committee has

FINAL PROPOSALS  
TO RUSSIA READY

Leaders at Genoa An-  
nounce That They Have  
Completed Historic Doc-  
ument on Russ Problem.

Genoa, April 27.—(By the Associated Press.)—Premier Lloyd George, Foreign Minister Schanzer, of Italy; M. Barthou, of France; M. Jaspard, of Belgium, and Baron Hayashi, of Japan, met today and set forth in writing the concessions they are ready to make to Russia. After the conference, which was held at the Villa de Albertia, it was announced that they had approved a document stating the position of their countries on the Russian question and that this will be submitted tomorrow morning to a meeting of the subcommittee on Russian affairs for approval and draft.

This document is of historic importance, according to the plenipotentiaries, who declare that it contains western Europe's final proposals to soviet Russia and explains exactly what Russia must give to western Europe in exchange.

In taking this step Mr. Lloyd George and the other leaders hope to

Women to March  
To Wilson Home  
As Demonstration

Lady Astor Will Be in Van  
of Big Pilgrimage in  
Washington.

Washington, April 27.—Lady Astor, former American, now a member of the British parliament, and Bishop Samuel Fellows, of Chicago, will lead a demonstration of women at the home of former President Wilson Friday afternoon.

Wilson is expected to emerge from his seclusion long enough to greet the women.  
Participating in the demonstration will be delegate to the Women's Pan-American conference and the convention of the National League of Women Voters, just concluded in Baltimore, and members of the League of American Penwomen, who have been holding a convention here.

Thousands of women, it is expected, will march to the home of the Wilsons on S street, and details of police have been ordered to handle the crowd that will be attracted.  
Any appearance of Wilson always attracts wide attention, and hundreds of his followers are anxious to see him. His appearance at a vaudeville theater each Saturday night is the occasion for the assembling of hundreds of persons, who block the streets and sidewalks about the theater in an effort to catch a glimpse of the former president when he enters his automobile at the conclusion of the performance.

Added interest attaches to the demonstration planned for Friday, because it is thought Wilson will make a brief speech if his strength permits. His silence and seclusion have shrouded him almost with an air of mystery, and increased popular curiosity as to his views on current affairs.

The pilgrimage is being made with the knowledge and consent of the former president and his wife. Mrs. George E. Severy of Chicago wrote Mrs. Wilson asking if it would be agreeable for a number of women to call at the home to receive a greeting. Mrs. Wilson replied that she and her husband would be pleased.

WOMEN EXCLUDED  
AS MURDER TRIAL  
OF NURSE BEGINS

MONTROSS, Va., April 27.—The trial of Miss Sara E. Knox, Baltimore nurse charged with the murder of Mrs. Margaret L. Eastlake at Colonial Beach, got under way today after Judge Chinn had ordered all women spectators to leave the court room. Great crowds of country folk filled the court room and others jostled for admittance.

In his opening address to the jury, Commonwealth's Attorney Mayo said the state would prove that the defendant, "embittered at the shabby treatment shown her by Eastlake," the naval petty officer who was acquitted, "had deliberately gone to Colonial Beach, with murder in her heart, had laid in waiting through the night and when opportunity presented itself, had entered the Eastlake home, and with a hatchet bought for the purpose from Ocean City, Md., had hacked her victim to death."

To Broadcast "Traviata"  
With Improved Service

Success Thursday night crowned the efforts of The Constitution's staff of radio experts to make the radio entertainment features as near perfect as possible. For two weeks this technical staff has been engaged in experiments which will be continued in an effort to make new records of excellence.

As The Constitution Thursday night was broadcasting Victrola and Edison records made by world-famous singers of selections from the opera, "Pagliacci," dozens of telephone calls were received by the radio department extending congratulations on the volume and clarity of tone of the volume. Long after the concert was concluded calls continued to pour in commending The Constitution for its musical program.

People who like good music and are unable to attend "La Traviata," at the City Auditorium tonight, may enjoy a real feast of opera if they have access to a radiophone receiver. Enrico Caruso, Alma Gluck, Gallia-Curci, Martinielli, De Luca, Lucrezia Bori and John McCormack all will be heard in the most brilliant arias from the opera over WGM, beginning at 9 o'clock.

Story of "La Traviata."

"La Traviata," a courtship of Paris, who,

KNIGHTS TEMPLAR  
PLAN BIG PARADE  
IN ATLANTA TODAY

More Than 2,000 Members  
of Great Organization  
Will Be Seen in the  
Line of March.

CHICAGO COMMANDERY  
WILL GIVE CONCERT

Largest Band Ever Seen  
in Atlanta Will Head  
Parade—Sight-Seeing  
Trip for Visitors.

More than 2,000 people and the largest band ever seen in Atlanta will be in the parade of visiting and local Knights Templar this afternoon at 5 o'clock, according to James B. Moore, of Couer de Lion commandery chairman of the committee on arrangements. The band will be composed of the combined musical organizations of the Columbia commandery of Chicago, numbering 130 pieces, and the Atlanta Couer de Lion commandery, numbering around 30 pieces.

The parade will form at the Masonic temple promptly at 4:30 o'clock and proceed down Peachtree to Whitehall street, turning down Mitchell. It will go from there to Broad and back by the Piedmont hotel down Peachtree street to the Masonic temple.

A permit for the parade has been obtained from Mayor Key. Mayor Key stated that the city was at the disposal of the visitors for the day.

## Philadelphia Comes First.

The earliest arrivals of the day will be the members of the Philadelphia commandery, who will arrive from New Orleans at 7:45 in the morning. After breakfast at the Masonic temple they will be carried in cars on a sight-seeing tour to Stone mountain and the Scottish Rite hospital.

The Cleveland commandery will reach the city at 10 o'clock; the Chicago commandery at 3:05 in the afternoon in time for the parade. All visitors will be taken to Stone mountain and the crippled children's hospital.

Plans are on foot for a concert from the Chicago commandery band at 3 o'clock at Piedmont park. A general get-together meeting will hold here.

## Addicks in New Orleans.

J. E. Addicks, commander of Couer de Lion commandery, is in New Orleans at the grand encampment. He is expected to return to the city in the next few days.

James B. Moore, in charge of the arrangements for entertaining the delegates on behalf of Couer de Lion commandery, and H. W. Finch heads the entertainment committee for the Atlanta commandery.

All Masons owning cars are requested to meet at the Masonic temple this morning at 10 o'clock to assist in

Knoxville Firemen  
Can't Throw Stream  
To Reach This Fire

Knoxville, Tenn., April 27.—Fire equipment answered a call to the west end of the city tonight only to find that the flare which lit the sky was apparently caused by an electrical display resembling the aurora borealis. Motorized police reserves also searched for the cause of the strange glare.

FIVE ARE KILLED  
WHEN TRAIN HITS  
MINISTER'S CAR

Two Others Injured Se-  
riously in Fatal Collision  
With Seaboard Air Line  
Fast Train.

FOUR YOUNG GIRLS  
VICTIMS OF CRASH

Preacher Dies an Hour  
Later in Hospital at  
Jacksonville, Where He  
Was Rushed.

White Oak, Ga., April 27.—(Special.)—Five persons were killed and two others injured seriously at 7 o'clock tonight, when a Seaboard Air Line mail train struck an automobile driven by Rev. B. C. Prickett, pastor of the First Methodist church of this city.

The dead are:  
Miss Margaret Sarmon, 14.  
Miss Pauline Sarmon, 14.  
Miss Vera Chaney, 14.  
Miss Evelyn Prickett, 10.  
Rev. B. C. Prickett, 50.

## The Injured.

Mrs. B. C. Prickett and Mrs. Vera Prickett.  
The minister and party were returning home from a practice of a church entertainment to be presented here tomorrow night, when the accident occurred. He was within two hundred yards of his home.

The four girls were killed instantly. The pastor died an hour later in a hospital at Jacksonville, where he was rushed on the train. His wife and daughter and the dead also were carried to Jackson.

## All of the dead and injured resided here.

## Funeral Arrangements.

The two Sarmon children will be buried at Tallulah Falls, the home of their mother's family.

Funeral arrangements have not been completed for Miss Chaney, but it is expected she will be interred here. She jumped from the car before the en-

IN DAIL THURSDAY

Arthur Griffith Accuses

People, Who Hotly Re-  
torts, "It's Falsehood."

Dublin, April 27.—(By the Associated Press.)—Bitter exchanges between Arthur Griffith, president of the dail eireann and Eamon De Valera, the republican leader, more intense than any heretofore, marked the proceedings of the dail today. Charges and counter charges of responsibility for the present disorders, characterized the debate, and Mr. Griffith, in a strong attack, endeavored to show that De Valera, while professing rigid republicanism, was willing to compromise.

At one point, describing how, on De Valera's return from America, he had entered negotiations with the British, Griffith declared:

"When I went to London De Valera asked me to get him out of the 'straightjacket of the republic.'"

This led to an angry scene. Mr. De Valera exclaimed: "I deny. It is a falsehood."

Fresh Up roar.  
While his supporters shouted at Griffith, who retorted: "I won't be intimidated by any rumormongers."

A fresh uproar arose, and Mr. De Valera demanded withdrawal of the offensive expression. The dail presi-

LAPSLEY CALLED

AT AUDIT PROBE

Accuser Not Present to  
Push His Charges of  
Graft in Connection  
With Award of Contract.

'AMUSED' AT SPEECH,  
ASSERTS ACCOUNTANT

Contract Is Awarded to  
Clayton, Eaton, Horton  
and Saussey, But Minority  
Report Is Promised.

C. H. Lapsley, of the accounting firm of C. H. Lapsley & Co., was scored as a "liar" and a "publicity seeker," by Councilman Bob Gordon, when Lapsley failed to appear before the finance committee of council Thursday afternoon to substantiate charges he had made against "certain city politicians" in connection with the proposed award of a contract to audit the city's books.

The accountant had written members of the committee that "certain city politicians" had approached him and told him that his bid to conduct the audit would be accepted if he would "divide profits."

The meeting was further enlivened by a sharp division over the award of a bid and the factions will fight out their differences on the floor of council next Monday.

## Pressed Him for Names.

Councilman Gordon told the committee that Lapsley came to his office several days ago with his charges concerning certain city politicians. He said he pressed him for names and Lapsley replied: "I'll tell you the first name of a man and you can draw your own conclusions," adding, "if I can prove these charges—and I can prove them—I can be elected mayor."

The councilman said he would tell the committee whom Lapsley mentioned.

"No, no; don't do that," interrupted Councilman J. R. Nutting. "That would be giving the matter unnecessary publicity."

"Well, I won't, then," replied Mr. Gordon, "but I want to say this man is a good man. Last year a good deal was said ago, at the same man, I sat on a committee eight weeks that tried to find out something against him and could not."

"I don't believe he's guilty of any such charges. I believe Lapsley's a liar. He's just seeking publicity."

## Amusing Says Lapsley.

Thursday night Mr. Lapsley said Gordon's speech amused him and that he had no intention of seeking or accepting the nomination for mayor.

The accountant had a stenographer present at the meeting to take down

Harding Voyage  
Up Ohio River  
Near Disaster

One Ship of Presidential Flo-  
tilla Scene of Deck Col-  
lapse Thursday.

Point Pleasant, Ohio, April 27.—(By the Associated Press.)—President Harding's adventuresome thirty-mile voyage up the Ohio river today to participate in the one hundredth birthday anniversary of General Grant, narrowly escaped serious disaster when part of the third deck of the steamer Island Queen crashed to the deck below carrying with it some 200 persons.

Only half a minute's warning by cracking timbers gave a school children's band and many others on the deck below time to get from under the crashing deck. Only three persons were injured.

That the president and Mrs. Harding and other distinguished persons in the presidential party were not aboard the Island Queen was due to advice of government inspectors, late last night. They advised against the president making the trip on the old pleasure boat because of her condition. Consequently the president and his party were assigned to the Cayuga, a government boat, which led the flotilla of seven steam-

CAPACITY CROWD  
ASSURED TONIGHT  
FOR AUDITORIUM

World's Most Famous  
Coloratura Soprano and  
Gigli Promise Atlantans  
Treat of the Season.

DOUBLE OPERA BILL  
THURSDAY IS SUCCESS

Two Performances on Sat-  
urday Will Bring to  
Close One of Most Bril-  
liant Atlanta Seasons.

## BY FUZZY WOODRUFF.

And now Atlanta approaches the climactic night of its twelfth opera season—Galli-Curci, the world's most famous coloratura soprano, Gigli, hailed as the master tenor of the present era, and the magic name of Verdi as the author of the opera in which they are to sing. Small wonder that reports are abroad that in all the vast Auditorium there is not a seat for sale. Small wonder that every incoming train is bringing in scores of visitors for the concluding performances.

"Traviata" Friday night will be followed Saturday at matinee by Gounod's familiar but every favorite "Faust," with Orville Harold, the greatest American tenor, in the title role; Leon Rothier, famous French basso, singing Mefisto, and Florence Easton, the Marguerite. Then Saturday night the season will close with a remarkable double bill, "The Love of Three Kings" with Bori, Mardones and Martinielli, and "L'Oracolo" with Scotti in the principal role, supported by Mario Chamlee, the brilliant young tenor, and Frances Peralta, dramatic soprano.

## First Double Bill.

The final two days of the season were led up to in dashing style Thursday at matinee, the first of the double bills of the week. The audience was charmed with the whimsicality and novelty of Wolf-Ferrari's "Secret of Suzanne" and thrilled by an entirely notable production of "Pagliacci."

The audience—a big one—demonstrated the love of Atlanta for Scotti and Bori in a remarkable way by the personal reception given them at the conclusion of the little one-act operetta.

That's what "The Secret of Suzanne" is—just a little operetta written around the kind of a story that Constance Talmadge does in the movies, with music thoroughly modern, with one tuneful little air given Bori, and excellent opportunity afforded Scotti to show that he is one of the world's first comedians.

The only two singing parts are given Scotti and Bori and the orchestra, according to the dictates of the modern school, does practically all of the work with the voices chiming in every now and then in an unimportant sort of a way like the cymbals, only not so loud.

But Miss Bori was just a bit more beautiful than ever and her magnificence drew the audience on her first appearance, while her voice had the same purity and flexibility as of old, and it was a matinee audience anyhow.

But when the curtain was drawn on the motion picture finale, there was a storm of applause and flowers were rushed forward and Miss Bori and Scotti bowed and bowed and smiled and smiled and the applause gained in ferocity. It was simply a tribute to the personality of Scotti and Bori, and

**"Fine Contrast to 'Pagliacci'."**

The Secret of Suzanne" did form a fine contrast for the tragic "Pagliacci" that was to follow. The light, frivolous little thing that had gone before appeared to make the great Leoncavallo opera doubly effective.

The overture, splendidly conducted by Bamboschek, never indicated the somber story that was to follow, in more effective style than it did with laughter still lingering from the curtain raiser.

DeLuna sang the famous prologue in such dashing style and dramatic effect that the audience did not permit him to finish the number before it broke into applause.

Of course, chief interest in "Pagliacci" centered in the work of Manuel Salazar, the young South American singer, singing the Canio, the role so long associated with Caruso.

It was a task of no small embarrassment that Salazar faced. Caruso is held very dearly in Atlanta's memory. More than any other man, he contributed to the success and permanency of opera in Atlanta. His joyous nature, his unflinching ability at times made on opera season here a tremendous social success. Somehow, it seemed something just short of a sacrifice for another man to sing the part that Caruso lived.

Evidently Salazar appreciated this for he approached his task with a hesitancy. His first aria, however, gave him assurance. The audience was generously receptive and showed that it was entirely friendly to the young South American. He sang a voice with a timbre that is not unlike Caruso's. In his highest register he possessed of remarkable volume too, and though his entire first act performance was repressed it was entirely convincing.

**Famous Song Song.**

Bamboschek brought the orchestra to a complete and obvious pause as the score reached the famous song. The pause seemed hours long with a deathly stillness all over the house. Bamboschek started up as the young tenor went into the aria. He faced his test nobly and courageously, sang splendidly with intense dramatic value and when the curtain crashed on him, he was given a rousing tribute.

His second act work showed the effect of this reception. Now his work was assured. He sang with a fire and sang without suggestion of repression or timidity. The final curtain brought him another ovation.

The entire cast supported him gloriously. Miss Muzio's "Nedda," DeLuna's "Tonio," Bamboschek's "Pierrot," and the entire cast supported him gloriously. Miss Muzio's "Nedda," DeLuna's "Tonio," Bamboschek's "Pierrot," and the entire cast supported him gloriously.

**EAPSLEY CALLED**

**"LIAR" BY GORDON**

Continued from first page.

any remarks that might be made about him.

When the committee met Mr. Gordon proposed that all bids for an audit be rejected and that the city should be left to its own devices, since the bids were not uniform as to conditions.

The committee refused. Then its next action was to vote by a majority to give the contract to the firm of Clayton, Eaton, Horton & Saussey. This firm guaranteed to do the work within a maximum cost of \$4,000.

Alderman Ragsdale and Alderman Cochran gave notice that they would file a minority report and take the fight to council.

Councilman C. Murphy, a member of the subcommittee, put up a stubborn fight for Dawson & Eldson, the subcommittee's choice. He also urged the necessity of clearing the way for an immediate audit "in view of developments that have occurred today in one of our city departments."

Mr. Nutting was opposed to the bid of Dawson & Eldson because the firm did not specify any maximum charge for the job. He quizzed Mr. Murphy to know why he favored this concern over some other that had submitted a lower per diem rate and fixed a maximum charge.

**Murphy's Position.**

"You can't any more select accountants on account of the lowest bid than you could afford to instruct a case to any kind of a lawyer because he named a cheap fee," replied Mr. Murphy.

"Do you think Dawson & Eldson stand better than C. J. Metz?" questioned Councilman Nutting.

"I am not going to criticize any auditor," replied Mr. Murphy.

"What do you think of Respass?" pursued Mr. Nutting.

"I think he's good," answered the councilman.

"What do you think of C. J. Metz?" asked Mr. Nutting.

"I prefer not to answer that question," Mr. Murphy replied.

Councilman Watkins urged against a delay in authorizing an audit, stating that the people of Atlanta ought to know as nearly as possible the con-

dition in the city government.

Lapsley's bid was the lowest submitted. It was brought out at the meeting that Lapsley is not a certified public accountant.

**HOUSE COMMITTEE**

**FAVORS FORD BID**

Continued from first page.

rejected all the offers submitted in connection with Muske Shoals.

**Only Comment.**

All of the above has been gathered from talks with personal representatives of Mr. Ford at the capital and members of the military affairs committee. It is made more conspicuous by the only comment they will make, which is "very optimistic."

Just after hearings on the subject started it was reliably asserted that the committee would recommend the Ford lease with the provision that the manufacturer would abandon his request for the Gorgas steam plant and agree to assume liabilities of the government with reference to the storage rights mentioned, together with certain other minor modifications which were termed as of no particular consequence. This information was considered as an index to the action to be taken by a majority of the body.

Today's developments point strongly to the belief that the committee has drawn up the specific modifications desired and has invited Mr. Ford to participate in the discussion of the purpose of reaching an agreement on the questions involved. That his representatives have been attending hearings for several days and are optimistic over the ultimate outcome is looked upon as evidence of early action.

**Only Matter of Time.**

The procedure of bodies of the kind in the past has been to take up the major questions first, leaving those of less importance for final disposition. Those who are familiar with the many angles of the government contracts and obligations at Muske Shoals declare that the committee and Mr. Ford's advisers have already settled most of the main obstacles presented; they further assert that it is now only a matter of time before the whole problem will be worked out.

This declaration together with opinions of political observers at the capital results in the belief that the government nitrate plant is nearer a final disposition than has yet been found since the matter was brought before the public. The military affairs committee, it is thought, will within a short time submit a report to the house recommending the Ford lease with certain clauses to which will be attached the Detroit manufacturer's partial acceptance of the changes desired. This will call for further conferences and in the end it is believed here that Ford will get the plant under a contract considerably changed from the original.

ers from Cincinnati hearing between ten and fifteen thousand people.

**List of Injured.**

The injured were: Wilbur Morgan, Manchester, Ohio, cut about the head, not serious.

Lapsley's bid was the lowest submitted. It was brought out at the meeting that Lapsley is not a certified public accountant.

**HOUSE COMMITTEE**

**FAVORS FORD BID**

Continued from first page.

rejected all the offers submitted in connection with Muske Shoals.

**Only Comment.**

All of the above has been gathered from talks with personal representatives of Mr. Ford at the capital and members of the military affairs committee. It is made more conspicuous by the only comment they will make, which is "very optimistic."

Just after hearings on the subject started it was reliably asserted that the committee would recommend the Ford lease with the provision that the manufacturer would abandon his request for the Gorgas steam plant and agree to assume liabilities of the government with reference to the storage rights mentioned, together with certain other minor modifications which were termed as of no particular consequence. This information was considered as an index to the action to be taken by a majority of the body.

Today's developments point strongly to the belief that the committee has drawn up the specific modifications desired and has invited Mr. Ford to participate in the discussion of the purpose of reaching an agreement on the questions involved. That his representatives have been attending hearings for several days and are optimistic over the ultimate outcome is looked upon as evidence of early action.

**Only Matter of Time.**

The procedure of bodies of the kind in the past has been to take up the major questions first, leaving those of less importance for final disposition. Those who are familiar with the many angles of the government contracts and obligations at Muske Shoals declare that the committee and Mr. Ford's advisers have already settled most of the main obstacles presented; they further assert that it is now only a matter of time before the whole problem will be worked out.

This declaration together with opinions of political observers at the capital results in the belief that the government nitrate plant is nearer a final disposition than has yet been found since the matter was brought before the public. The military affairs committee, it is thought, will within a short time submit a report to the house recommending the Ford lease with certain clauses to which will be attached the Detroit manufacturer's partial acceptance of the changes desired. This will call for further conferences and in the end it is believed here that Ford will get the plant under a contract considerably changed from the original.

ers from Cincinnati hearing between ten and fifteen thousand people.

**List of Injured.**

The injured were: Wilbur Morgan, Manchester, Ohio, cut about the head, not serious.

Richard Armstrong, Bethel, Ohio, arm broken.

Lieutenant Eugene Wetherly, of the Cincinnati police department, cut by glass.

They were on the second deck right immediately under the deck which fell.

The river flotilla was passing New Richmond, Ohio, seven miles below Point Pleasant.

The Cayuga with the president aboard, leading the procession, had cleared the village, New Richmond, Ohio, however, did not know of the change in plans which put the president aboard the Cayuga.

They began firing rockets as the Island Queen with its 3,000 passengers came abreast. Those on board crowded to the front decks to witness the spectacle ashore. Bands aboard were playing and everybody was in high spirits.

**Felt Floor Sink.**

Out of a clear sky there came the crashing and grating of timbers under the feet of three hundred on the third deck. They felt the floor sink. They stood silent, apparently awestruck for half a minute. Then came a deafening crash. The front deck dropped. Still there was no panic.

Those who went down with the deck remembered the Manchester (Ohio) school boys band had been playing immediately under them. There were fifty-two boys and girls, many boys in knee trousers. Were they killed? As the three hundred scrambled from the crushed deck, the one question on all lips was: "Are the school boys all killed?" The question was asked in whispers.

But the half-minute warning saved the boys. At the first crash they began to scurry forward the stern. Some, however, did not make it in time and were caught. The chairs on which they had been seated, however, held the load for a second. That second was long enough, however, to permit them to crawl to safety before the tons of timber and human weight crashed the chairs.

The crash of the falling deck re-

sounded from bow to stern. Many thought the steamer was sinking. Others thought the boilers had exploded. Women fainted and became hysterical. Children screamed and men, mostly, appeared awe-struck.

One girl whose name could not be learned, attempted to jump overboard. Officers caught her.

The little band boys and girls ran about with many crying seeking their companions, thinking some perhaps had been buried under the debris. Some thinking other parts of the deck a' o' had given way, began seeking their parents and friends.

Officers of the boat shouted orders for people to remain in their places and keep quiet. Military officers and Cincinnati police of whom there were many on board, also cautioned against becoming panic stricken. The eleven division band was on the deck immediately above but which did not extend all the way over the ill-fated deck. They heard the crash and saw the deck drop. True to their military training, not a bandman stirred. They were playing a soft air and sensing the situation the director immediately struck up a lively tune in which each member put his entire energy. The music drowned out the cries of children and of hysterical women. If no doubt had great effect in preventing panic throughout the forward deck.

**Search Debris.**

Officers immediately constructed

deadlines on the second deck after getting all toward the stern and began to search the debris for any that might have been caught. In less than ten minutes they were able to assure the passengers that no one was caught under the fallen decks or had been killed. Physicians and Red Cross nurses attended the injured.

General B. S. Stansberry, of Cincinnati, a veteran of the 37th Ohio national guard, organized a citizens committee to promote orderly handling of the crowd during the remainder of the voyage.

The Island Queen, the fourth in line of the flotilla, President Harding did not learn of the accident until the Cayuga moored at the Point Pleasant wharf.

General Chairman Hugh L. Nichols of the celebration committee announced from the speaker's stand that the Island Queen would carry no passengers back to Cincinnati, but a few, however, ventured to make the return voyage on her.

The Island Queen is a pleasure craft, plying principally between Cincinnati and Coney Island, a pleasure resort ten miles up the river, and is an old river craft.

**GRANT SUGGESTED**

**AS WORLD EXAMPLE.**

Point Pleasant, O., April 27.—A suggestion that the quarreling nations of Europe might profit by studying the magnanimous example of General

Ulysses S. Grant, was offered indirectly by President Harding, speaking here at the birthplace of the Civil war hero.

Eulogizing Grant's generosity to the south after the surrender of General Lee, President Harding remarked that a similar spirit of reconciliation in the world today would do much to help the restoration to complete peace.

He spoke in front of the village store near the old cabin where Grant was born one hundred years ago.

"I wonder sometimes if the magnanimity of the dogged, persistent, unalterable Grant in warfare—the 'unconditional surrender' Grant—would not be helpful to the world today," President Harding said.

"I cannot help but believe that something of the spirit with which Grant welcomed his victor, some of his eagerness to return to peaceful ways would have speeded the restoration and hastened the return to prosperity and happiness, without which there can be no abiding peace. He perpetuated no resentments of war."

The presidential party left late Thursday for Washington, after a friendly reception here and at Cincinnati. It was the president's first visit to Ohio since inauguration.

**KNIGHTS TEMPLAR**

**PLAN BIG PARADE**

Continued from first page.

entertaining visiting Knights Templar.

Members of the Atlanta Retail Merchants' association have been urged by Samuel Rothberg, president of the association, to decorate their place of business Friday and Saturday in honor of the visiting delegates of the Knights Templar who are passing through the city. D. C. Black, president of the Atlanta Automobile association, joined with Mr. Rothberg in this request.

**Bands Are Coming.**

New Orleans, La., April 27.—(Special.)—Columbia commandery, Knights Templar band of one hundred, of Chicago, will arrive in Atlanta on a special train over the West Point route from New Orleans Friday afternoon at 3 o'clock and will be entertained while in Atlanta by the Georgia Knights Templar band which will arrive over the West Point route at 1:20 o'clock Friday morning on the grand master's special.

The Columbia band and the Georgia band will give a parade. Both bands combined number 150 men.

**W. J. Stoddard, of the Georgia band, will lead the parade and assist the grand marshal of the day. This band is one of the largest bands that has ever been seen on Atlanta streets.**

The Columbia band has been quartered at the same hotel with the Georgia band and for that reason will make the Georgia band a visit. The band drum that the Columbia band carries is the largest one ever built, being six feet tall. It was made by Ludwig & Ludwig of Chicago, the largest drum makers in America. Longwind is a member of this band.

**FINAL PROPOSALS**

**TO RUSSIA READY**

put an end to the present uncertainty of the negotiations. They are anxious to put their cards on the table and are waiting for the Russians to do likewise.

Mr. Lloyd George before inviting the others to meet him at the Villa Maletovic had a long and serious interview with each of them, thus laying the foundation of the document which to their minds should be of such a nature as to force the Russians to say yes or no on each question.

The most difficult point still remains, that concerning the protection of foreigners in Russia, the concessions to be given them for lost properties and guarantees for their future safety in the territory.

As to referring the matters which will be discussed by the meeting of all the signatories of the Versailles treaty to the League of Nations, Mr. Lloyd George to either the supreme council or the ambassadors' council, as some have suggested, it was pointed out that the next time the League met for a general assembly would be in May 31, wherefore, it is imperative that the League should be called immediately to consider the matter.

The only answer of Premier Lloyd George awaited for the calling of this meeting.

**SOVIET DELEGATES**

**ISSUE STATEMENT.**

Gegen, April 27.—(By the Associated Press.)—While the powers were today preparing the details of a document informing the soviet delegates what the powers expected of them and what the soviet delegates were ready to do for Russia, the Russian delegates issued an open statement which pertinently expressed their opinion of what the powers were not being kept informed of what the powers intended to do.

Their statement insisted that Russia would protect her sovereign rights and contented that she alone was ready to do for Russia, the Russian delegates issued an open statement which pertinently expressed their opinion of what the powers were not being kept informed of what the powers intended to do.

## City's Traffic Tide Turns West

The new business district of which the corner of Luckie and Spring streets is developing into a sort of center is one of the most rapidly developing down town sections—due in large part to the importance of Spring street as the future great north and south artery of traffic; this in turn being the outcome of the building of the Spring street viaduct which will relieve the congestion from which the city has suffered for the past several years.

The improvement of Spring street from Marietta to North avenue with concrete paving has already thrown a large part of the north and south traffic on this thoroughfare and when the paving is completed to Brookwood the increase will be much more pronounced.

When the Spring street viaduct is completed, which will be in approximately a year or fifteen months, this section will be one of the busiest in the city and at the rate building is being carried forward now it will be lined with business houses in all directions.

Only about eight months ago the Dowman-Wilkins Printing company moved into their new building, near the corner of Luckie and Spring streets. At that time there were those who thought that this concern had gone outside the real down town business district but since then eight new structures have been erected within two blocks of their location, the

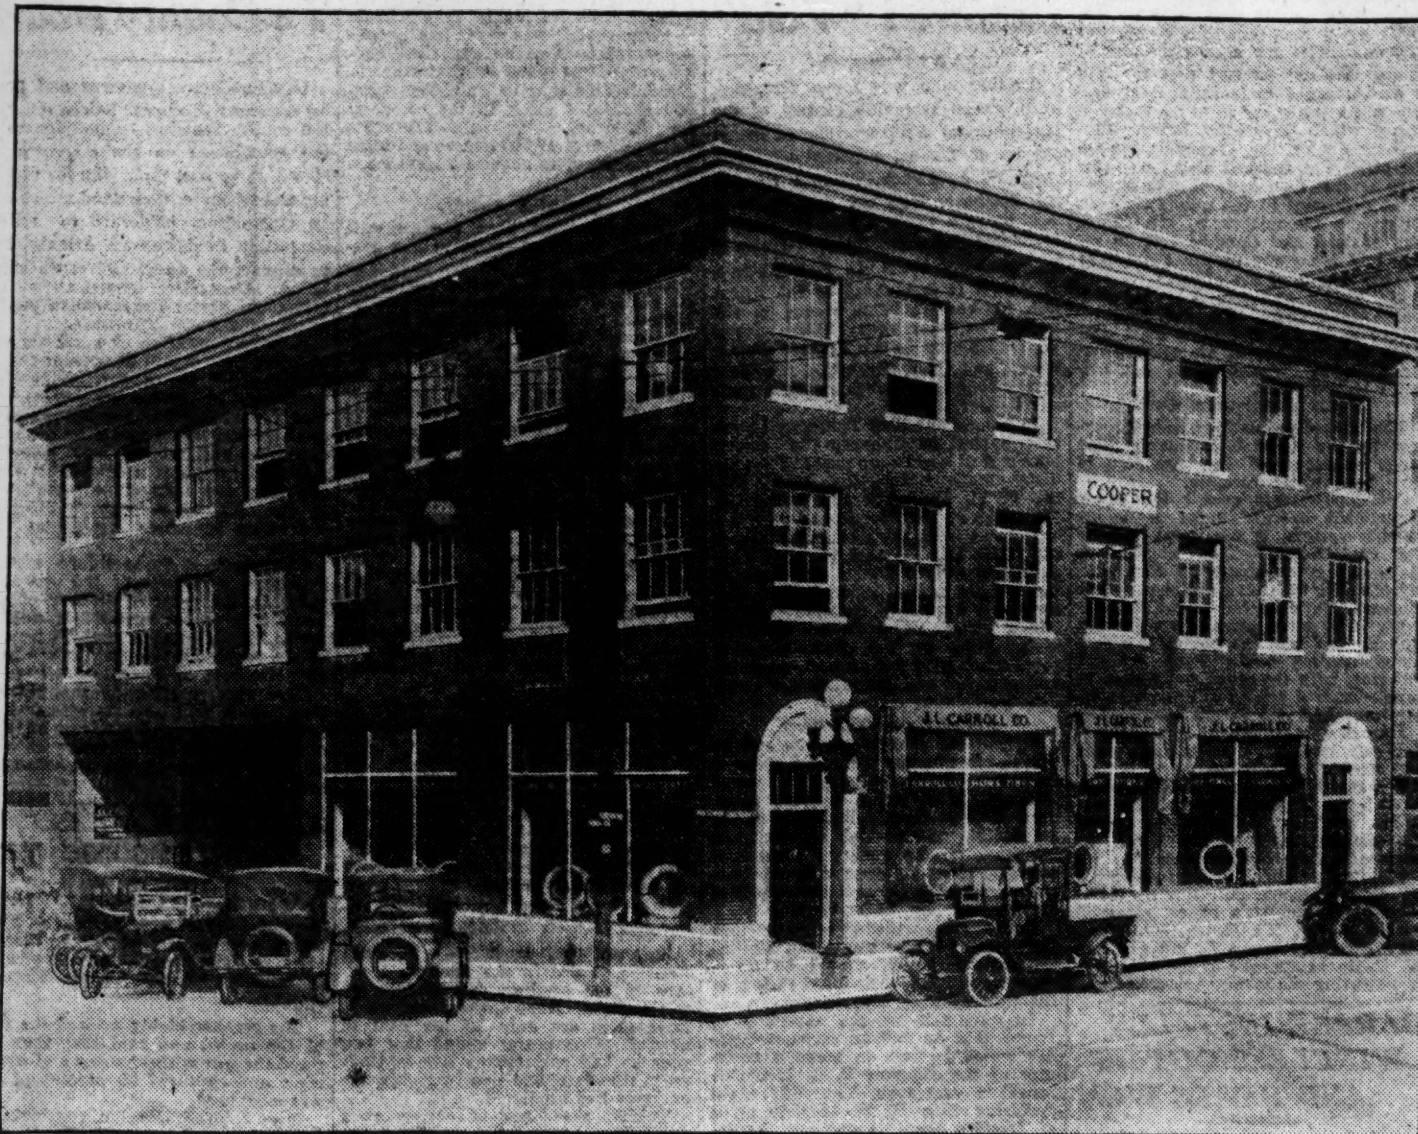

Cooper building being one of the most substantial and prominent. At the present time plans are under way for other buildings in this district and announcement of which will be made in the near future.

Property in this section has been steadily going up and activity in real estate is taking a turn that means nothing short of a real boom if the present tendency continues.

There are other reasons than those mentioned for the expansion of the business district to this center. The location is directly to the left of the "bottle-neck" where Peachtree, Broad and Forsyth converge and which for years has been crying for relief. Automobile traffic has been demanding quicker ingress and egress, to and from the down town center and Spring street will meet this demand. Besides Atlanta is growing in its retail development and an overflow was certain to come. This section is the answer as far as the north side is concerned.

The recent enlargement of the Cecil Hotel was a strong evidence of the development of this part of the city and showed which way things were turning. Improved street lighting, construction of more substantial sidewalks and other civic betterments are going forward rapidly in this district and in another year the change will be so great that Atlanta will fully realize—and in a concrete way—the progress which the city is making towards the half million mark in 1940.

## New Cooper Building at Luckie and Spring Streets

In Atlanta's Fastest Growing Business Section.

THE Cooper building shown above, recently erected by Walter G. Cooper, is a fine example of conservative improvement of valuable property in one of Atlanta's fastest growing business sections. It occupies a strategic point at the northeast corner of Spring and Luckie streets, where traffic coming over the new Spring street viaduct from the Terminal station and the south side will turn into Spring street on its way to the hotel district and the heart of Atlanta's downtown retail section.

Much traffic also passes out Luckie street turning north into Spring street, which has been graded and paved with concrete from Marietta street to North avenue, and this traffic will be greatly increased when the paving is completed to Brookwood.

The Cooper building is a well built structure, 65 by 90 feet, with a concrete driveway in the rear. Its three stories are reached by a concrete stairway, which is inclosed in brick firewalls. Freight service is furnished by an Otis elevator of 2,000 pounds capacity.

The ground floor is of cement and the boiler room is inclosed in brick firewalls and covered with a concrete slab 5 inches thick. The floors are supported by heavy girders, reinforced with steel truss rods. The inside finish of Georgia pine is of exceptional quality, stained dark oak. The walls and ceilings are of hard finish and the corridor and stair walls are painted a rich brown.

Unusual window display is furnished by plateglass extending clear across the front and halfway around on the Spring street side.

The heating system is efficient and supplied with steam by a

super-smokeless boiler, which operates with little smoke and a minimum of fuel. The building is thoroughly equipped with electric light and power wires.

Before the edifice was completed 87 per cent of the space had been rented on long leases to high class tenants.

The ground floor is occupied by the J. L. Carroll company, dealers in automobile tires and accessories, who have set out to make this the model establishment of the south and are doing an immense business.

The second floor is occupied by the Acme Advertising agency, the Truscon Steel company, Walter G. Cooper and others.

The third floor is occupied by the executive offices of the Ironized Yeast company, one of the largest proprietary concerns in America, whose advertising campaign covers the entire English-speaking world.

The building was leased and is operated by Jesse Draper for Wal-

ter G. Cooper. The architect was John F. Downing.

ter G. Cooper. The architect was John F. Downing. H. S. Roberts, Inc., represented by E. D. and L. G. Payne, was the contractor. B. Mifflin Hood Brick company furnished the face brick; the F. E. Gollan company supplied the miscellaneous iron work; Wil-

lingham-Tift Lumber company supplied the mill work; the Boatenreiter Plumbing company installed the plumbing and the heating; C. P. Murphy's Sons put on the felt and slag roof; the Atlanta Sheet Metal Works furnished the cornice, skylight and sheet metal, and the Pittsburgh Plate-Glass company furnished the plate-glass for the extensive show windows on the ground floor.

### Looks Like a New Record

With a five million dollar start on 1922 in building permits—Atlanta having passed that mark last week—there is good reason for believing that 1920, the greatest building year in the history of this city with permits slightly over \$13,000,000, will have to take second place when the returns are all in for the twelve months of the current year.

### Are Materials Going Up?

The opportunity which for several months the home builder has been taking advantage of in buying building materials at prices down in many instances to pre-war levels, is believed to be drawing to a close. There are indications that point to a gradually rising market. Capital is plentiful and will continue so but materials are not so plentiful as a few months back. There is but one answer eventually.

### Lumber Market Holding Steady With 'Up' Trend

#### Eastern and Southern States Increase Building Activity.

The lumber market has been showing a better tone during the past several weeks and, although there are still a few weak spots, the situation as a whole is very encouraging. In the opinion of A. R. Kruschbaum, vice president of Lumber, the national lumber trade journal.

While buying is not brisk for this period of the year, there is a steadily growing volume of business and wholesale prices for the most part are being well maintained. North Carolina pine has been holding up exceptionally well and some items are very active, notably dimension and roofers. Southern hardwoods are also firm and the demand for the upper grades is growing. There has been a softening of the market on Pacific coast woods, due to the heavy movement of Douglas fir by water to the Atlantic seaboard territory and the keen competition between Pacific coast operators. Northern hardwoods are holding an even keel except in a few of the lower grades which are rather weak in demand and price.

The most encouraging factor noted today are the expansion of its building activities throughout the country and especially in the eastern states; the small lumber stocks in the hands of retailers and the gradual revival of operations by the lumber-consuming industrial plants over the country. These plants, whose products consist largely of wood, are not overly stocked with lumber and the lumber manufacturer who caters to the industrial trade may expect a fairly good volume of business during the coming year.

The retail yards are coming back into the market slowly but during the past ten days inquiries from this source have been numerous, this being especially true of the retailers in the rural and suburban districts of the South Atlantic states. In a number of instances the market has taken an upward trend since the middle of March but price advances, on the whole, are not expected to be rapid. A slow rise in values and a gradual increase in volume of new business denotes a very healthy market condition.

A new hinged washer can be placed on an engine shaft or motor axle with out dismantling the machine.

A spring attachment invented by a North Dakotan enables one man to operate a two-man saw.

A new vacuum washer for small garments also can be used for dry-cleaning with gasoline.

### BUILDING FOR STORES WILL COST \$30,000

Erection of six stores at Hurt street and Edgewood avenue at an approximate cost of \$30,000 is under way, it was announced Thursday by J. H. Ewing & Sons. The stores will be of a one-story cream brick structure. Two of the stores have already been leased for the owner, A. H. Harper, it was stated, and announcement of additional leases is expected shortly. The structure will be completed within a few weeks.

#### BUILDING PERMITS ISSUED ON THURSDAY

\$8,000—W. S. Conner, owner, one-story brick veneer residence at 340 Gordon street. King Bailey, contractor. April 27.  
\$4,300—H. H. Turner, owner: brick veneer double dwelling. Day labor. Supervision of R. L. Langston, April 27th.  
\$12,000—I. B. Eason and Sons, owners: two one-story brick veneer residences at 54-S McLendon street. Day labor. April 27.  
\$4,000—J. W. Boone, 133 Peachtree Arcade, owner: one-story frame dwelling in Wood street. Day labor April 27.  
\$1,850—Mrs. N. T. Allen, owner: tenant house in Fort street. Day labor. April 27.  
\$2,500—J. H. Baker, 118 Park avenue, owner: double tenant house. Day labor. April 27.

## Atlanta's 1922 Building Progress

There is no more certain sign of prosperous times ahead for Atlanta than the increased building operations that have taken place during recent months. Nowhere is this more in evidence than in home building, and the "Own Your Home" exposition that is to be held at the Auditorium the week of May 8 to 13 will give greatly added impetus to even this already active field.

At the beginning of 1922, the real estate men of Atlanta woke up to the fact that other cities had been holding such exhibitions with the result that the housing situation had been materially relieved in every instance, work had been provided for thousands of unemployed men and everybody in general had profited. They fully realized the backward conditions of the Atlanta situation. Real estate was down, business was in a slump and unemployment was rife. Atlanta had more than its fair share of home shortages as compared with other big metropolitan centers because of the waste caused by the great fire of 1917. Yet money was so tight and confidence at such a low ebb that practically nothing was being done to relieve the situation.

Early in January the Atlanta Real Estate board began to take action. President G. Ward Wight and his associates realized that the time had come to throw off the lethargy that business had drifted into and pave the way toward a revival that would benefit everybody. The final outcome of a series of conferences and investigations was the decision to stage a city-wide "Own Your Home" campaign and a committee, headed by R. W. Evans, of Evans & Dodd, was appointed. Plans were laid and things began rapidly to shape themselves for a successful staging of a campaign that would not only educate everybody to the value of owning one's own home, but the ease with which one could be acquired for the same money that people are now spending for

rent. As soon as the big show was announced, it met with the hearty reception of all the associated business interests of the city. The real estate firms, contractors, building supply men and similar firms were not slow to realize the tremendous importance of this outstanding event to the city at large, nor to their own business in particular.

And so the "Own Your Home" exposition has evolved into a practical reality and Atlanta is to behold under one roof all of the various items that enter into home building and home owning. The Auditorium will be cleared just as soon as grand opera is over, and the exhibits will rapidly take shape, the doors swinging open to the public on Monday, May 8. Admission is free and many attractive souvenirs will be given away.

## TIRE SERVICE

The accompanying illustrations give you an idea of the modern tire service of the J. L. Carroll Co., in operation every day, from 6 a. m. to midnight.

A fleet of service cars are maintained to give **FREE ROAD SERVICE** to our customers, and any one who will watch the operation of this service will not be surprised at the rapid growth of the business.

We are sole distributors of the famous **Howe Tires and Tubes**. A large hydraulic press is operated for applying solid tires so truck and fleet owners can get immediate service day or night.

The special equipment built into this building gives it facilities unequalled in this section and its rapid, sure-fire service is a joy to automobilists.

## GOODS WORTH \$1,000 STOLEN ON WEDNESDAY

Cash and goods valued at more than \$1,000 were stolen from three Atlanta business establishments Wednesday night by burglars, it was learned Thursday.

The combination to the safe of the National Biscuit company at 467 Whitehall street was knocked off and \$300 in cash stolen. An investigation of the robbery by City Detectives Hamilton and Hollingsworth disclosed the fact that entrance was gained through a side window after the robbers had climbed up a fire escape.

The tailor shop of George Riley at 81 Edgewood avenue was entered by burglars who stole merchandise valued at \$300. Burglars obtained \$200 in cash and about \$300 in merchandise when they forced entrance into the Druid Hills Pharmacy at 483 Ponce de Leon avenue.

## RED CROSS IS GIVING AID TO FLOOD VICTIMS

Measures have been taken for the relief of victims of the flood-stricken areas of the Mississippi, it was stated by Henry Hopkins, manager of the southern division of the Red Cross, Thursday. A force of 14 nurses has been sent from Atlanta to the aid of the suffering people of Louisiana in the flood zone, he said.

Since the river broke through its banks at Vidalia, La., on Wednesday, an immense area has been covered by water, and thousands have been rendered homeless. The Red Cross has

established refugee centers at Harrisonburg, Natchez and St. Martinsville, La.

Another refugee camp is being maintained, he stated, at Violet, La., below New Orleans, where a break in the levee also occurred. Nurses, workers and supplies have been sent to the scene of the disaster. All indications point to a continued period of two or three months of flood in these sections, during which time 25,000 people will be homeless.

Later, it was said, an appeal will be made to the governor of Louisiana for a reimbursement to the Red Cross from the state treasury, as well as to give further relief to the victims.

## BANQUET IS TENDERED TO "SUCCESS CLUB"

Members of the "Success club," a business organization composed of men from the salesmanship class that is being taught at the Draughon's Business college, were tendered a banquet last night at the Peacock cafe by their teacher, Clark Harlan. The class is composed of 35 men, the majority of whom will graduate during the coming week.

Several speeches were delivered and a delightful course was served. Among the speakers were: Mr. Williams, associate teacher of the class; J. C. Howard, manager of the Virginia Life Insurance company; M. Alonzo Smith, teacher of the Agoda class of the Baptist Tabernacle, and Mr. Hammond, of the Fuller Brush company. Miss Mildred Cole entertained the guests with interesting readings.

One reason for damp cellars in the summer is that the moist air in contact with the cool inner surface of the walls and floor is chilled below its dew point and condensation results.

# State Democratic Leaders Meet in Atlanta

## CHANGE IN ELECTION RULES IS REFUSED

Continued from first page.

of Bainbridge; Judge James J. Flynt, of Griffin; Israel Manheim, of Hawkinsville; E. A. Cohen, of Savannah, and others, on the general principle that judges should be kept out of politics as much as possible.

**Uniform System.**

On the question of adopting a uniform system for selecting county executive committees, several committee members protested that it was an infringement on the right of local self government. The advocates of the measure, however, declared that it was necessary to insure party affairs being kept in the hands of the people rather than risked to the hands of a "courthouse ring" and the majority in favor was a large one.

Mrs. R. L. Berner, of Macon, presented a resolution requesting the rules committee to call the state convention in Macon after the September primary. The motion was supported by Judge Charles L. Bartlett, of Macon, and was carried without a dissenting vote.

**Two Innovations.**

Two innovations for a Georgia state executive committee meeting were the presence of a dozen feminine committee members and the opening of the session with a luncheon given by the chairman, William J. Vereen, of Moultrie.

At the luncheon it was stated by veteran committeemen that the largest number of delegates in recent years was present. They were addressed briefly by Mrs. William H. Felton, of Cartersville, committee member from the state at large, by Governor Thomas W. Hardwick and by Alice Louise Lytle, secretary to Senator Thomas E. Watson and member of the committee from the tenth district.

Mrs. Felton felicitated the gathering and urged less factional partisanship in Georgia politics. An emphatic protest against heavy taxation was applauded heartily with Governor Hardwick, beside whom she was seated, leading the applause.

Governor Hardwick spoke briefly on the principles of the democratic party, entered a few arguments in favor of an income tax system, supplemented by a limited ad valorem tax and touched lightly on the accomplishments of his administration.

Mrs. Lytle was introduced by Mr. Vereen, who acted as toastmaster at the luncheon in joint capacity of host and state chairman. Mrs. Lytle urged the need of an uplifting feminine

influence in political affairs in general.

**Members of Committee.**

The women members of the committee were: Mrs. William H. Felton, of Cartersville, of Bartow county and Mrs. Marie Louise Myrick, of Chatham, from the state at large; Mrs. E. K. Overstreet, first district; Mrs. T. A. Collins, of Schley county, third district, who was absent; Mrs. Edgar Domineck, of Coweta county, fourth district; Mrs. James Hinton Clark, of Atlanta, fifth district; Mrs. Robert L. Berner, of Bibb county, sixth district; Mrs. Taylor Smith, of Harrison county, seventh district; Mrs. S. J. Tribble, of Clarke county, eighth district; Mrs. H. W. J. Ham, of Hall county, ninth district, who was absent; Alice Louise Lytle, now of Washington, D. C., tenth district; Mrs. L. H. Oden, of Pierce county, eleventh district; Mrs. T. J. Pritchett, of Laurens county, twelfth district. No feminine committeeman has been named for the second district.

Other members of the committee who were present at the meeting are as follows:

William J. Vereen, Colquitt, Moultrie, Ga.; James J. Flynt, vice chairman, Spalding, Griffin, E. W. Jordan, of Macon, and secretary, Washington, Sandersville.

Members from the state at large: J. A. Brannen, Statesboro; T. A. Peterson, A. J. Jones, of Savannah; William J. Vereen, Colquitt, Moultrie, Ga.; James J. Flynt, vice chairman, Spalding, Griffin, E. W. Jordan, of Macon, and secretary, Washington, Sandersville.

**Other Members.**

Members from the several districts are:

First District—Mell Price, Ludowici; E. A. Cohen, Savannah.

Second District—Dr. D. A. Spence, Pelham; J. R. E. Fottie, Albany; W. A. Hall, Blakely.

Third District—Dr. B. B. Brook, Montezuma; A. Cogdell, Americus.

Fourth District—A. D. Jones, Woodbury; E. S. Dennis, Franklin; J. J. Yarbrough, Columbus.

Fifth District—T. R. Massey, Decatur; W. B. Parker, Oconee.

Sixth District—J. H. Mills, Jenkinsburg; Frank C. Manson, Jonesboro.

Seventh District—Harold S. Willingham, Marietta; I. N. Cheney, Bremen; R. R. Petree, Marietta (Mrs. Taylor Smith, Bremen).

Eighth District—C. F. Riden, Bostwick; J. H. Felker, Monroe.

Ninth District—J. E. Robertson, Gainesville; R. F. D. 10; J. G. Cole, Ellijay; T. S. Johnson, Jefferson; Dr. R. D. Griggs, Gainesville.

Tenth District—E. D. Clary, Harlem; B. H. Dunaway, Lincolnton; J. A. Rhodes, Crawfordville.

Eleventh District—J. B. Moore, Baxley.

Twelfth District—Arthur W. Jordan, Swainsboro.

The rules committee is composed of W. J. Vereen, of Moultrie, chairman; Judge James J. Flynt, vice chairman; E. W. Jordan, of Sandersville, secretary-treasurer; Judge Charles L. Bartlett, of Macon; J. A. Brannen, of Statesboro; J. K. Jordan, of Atlanta; Mrs. Marie Louise Myrick, of Savannah; and Mrs. James Hinton Clark, of Atlanta. Grover Cleveland Edmondson, of Thomson, and J. H. Ennis, other members of the committee, were not present.

## WALKER ADDRESSES T. P. A. CONVENTION

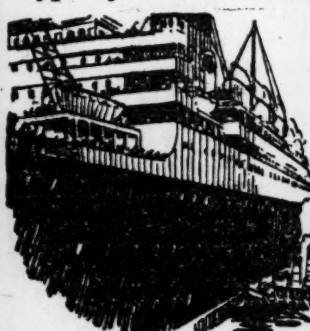

Augusta, Ga., April 27.—(Special.) A cordial welcome was extended by Augusta Thursday morning to more than two hundred members of the Travelers' Protective Association of the state of Georgia assembled here for their twenty-eighth annual convention. The meeting was called to order by President Fred Newberger, of Savannah, at 9 o'clock Thursday morning, at the Masonic Temple.

Following the invocation by Rev. C. C. Jarrell, at 10 o'clock, Vernon Elliott delivered the address of welcome to the "Knights of the Grip," and presented them with the keys of the city, urging them to partake of Augusta's hospitality.

George M. Napier, attorney-general of the state, for the Atlanta Post, in behalf of the order, responded to Mr. Elliott's address of welcome. Addresses were made by Rev. John W. Wilder, of Savannah, in place of the state chaplain and Clifford W. Walker, of Monroe. After the regular order of business, the convention adjourned at 2 o'clock and had a buffet luncheon at the convention hall, reconvening at 3 o'clock at which time general business was transacted and at 5 o'clock the convention adjourned until 10 o'clock Friday morning.

T. P. A. posts in Atlanta, Savannah, Macon, Athens, Valdosta, Rome, Americus, Newnan, Griffin and other cities throughout the state sent delegates to the convention. Post A, Savannah, consists of approximately 70

## CUNARD AND ANCHOR LINES Introduce a New Type of Ocean Liner

The new 20,000-ton Cunard Oil Burners SCYTHIA, SAMARIA, LACONIA and the Anchor Liners CAMERONIA and TUSCANIA (16,700 tons). Ideal in dimensions and equipment, they, together with the established favorites CARONIA and CARMANIA, produce steadiness, comfort, luxury—delightful enjoyment of sea life at moderate cost.

The Cunard Line leads the way in announcing this new type of ship.

If a quick crossing is imperative, Cunard leads in this also. MAURETANIA, BERENGARIA, AQUATANIA provide the fastest service on the Atlantic. Sailings every Tuesday from New York. The LACONIA sails from Boston.

THESE combs, when heated, straighten out unruly curly hair, giving it a charming, silken finish which you'll adore. The benefits derived from the comb are greatly increased by the use of **QUEEN HAIR DRESSING**. This Dressing is a new discovery which gives you long, straight, beautiful locks of hair. Use it once and you'll appreciate its service. The comb is only 75¢, and the big box of Queen Hair Dressing, which lasts for many weeks, is only 25¢. Be sure you get the original **QUEEN HAIR DRESSING** which comes only in a pink box with black stripes.  
Send your dollar—get this combination and have wonderful locks of hair.  
**NEWBRO MANUFACTURING COMPANY, Atlanta, Georgia.**

## THE PRUDENTIAL INSURANCE CO. of AMERICA

**THIS COMPANY** was the first life insurance company to issue Industrial (weekly premium) policies in the United States. It began business in 1875, and until 1886 its business was confined to the Industrial form.

Its first Ordinary policy was issued in 1886, and since then it has become one of the largest Ordinary companies as well.

At the close of 1921 the total amount of insurance in force was over \$5,660,000,000, of which \$3,154,000,000 was Industrial, and \$2,513,000,000 was Ordinary. During 1921 it paid to its policyholders over \$68,000,000, and the total paid to policyholders since the beginning of the Company is \$748,000,000. Of this sum \$58,800,000 represented extra payments not called for by its very liberal policy contracts.

**THERE IS NOW A PRUDENTIAL INDUSTRIAL DISTRICT IN YOUR CITY—the agents from this office are at your command. LET THEM HELP SOLVE YOUR INSURANCE PROBLEMS.**

## PRUDENTIAL OFFICES IN ATLANTA

The Prudential is not a stranger in Atlanta, as the Company has been ably represented here for years by AKERS & SKINNER, Managers of the Ordinary Department. They are located in The Grant Building.

Superintendent JOHN MASON is in charge of the newer office, opened in the Hurt Building, in August, 1921, through which is written Industrial, or weekly-premium insurance, as well as Ordinary.

## WHERE THE BLAME LIES.

That the peril that threatens Europe in the present crisis at Genoa threatens the United States as well, and is one from which we cannot escape in the event that the economic conference ends in failure, is stated upon no less an authority than Lloyd George.

In what the United News staff correspondent at Genoa characterized "an amazing speech," delivered at a dinner given in his honor by American and British news writers attending the conference, the famous premier declared bluntly, according to a press dispatch, that "another conflagration in Europe is inevitable unless the Genoa conference can deal successfully with the dangerous situation that now exists; and he declared furthermore that if war is again started it "would most surely draw the United States in as it did before!"

Lloyd George at Genoa is today fighting as was General Haig on the western front in the dark days of 1917—with his "back to the wall!"

He is fighting to avert war by peaceful negotiations, while Haig was fighting to prevent the ending of war in defeat.

It was in that crisis, just after the United States had entered the world war, that Haig shouted to us, "For God's sake, America, hurry up!"

In his "amazing" speech of warning, the correspondent went on to say, Lloyd George, in similar tones, said "the wished America had come to Genoa, for then her disinterested position would have been a powerful influence tending toward a settlement of European questions"—which, in reality, are world questions.

He said he realized, continues the dispatch—"that any suggestion to America coming from Europe would be subject to suspicion, but he warned that the United States would nevertheless be vitally interested in the event of another European war which would inevitably draw her in as did the last one."

The truth of the matter is that if the conference ends in failure and war results, the responsibility will, in the final analysis, rest as much upon America for refusal to participate in the deliberations at Genoa as upon France for refusal to be guided in her attitude there by the principles of toleration, moderation and even justice!

Had we gone to Genoa as a conference the very fact of position as the creditor nation of the world, and the further fact that it is universally conceded that we saved Europe from destruction by our timely intervention in the world war crisis, would have made us the most influential and the most powerful factor at the conference table.

With America standing shoulder-to-shoulder with Great Britain in defense of the broad purpose for which the conference was called, no nation nor group of nations could have dared to put obstacles in the way to obstruct attainment of that objective.

Russia and Germany would be impotent as a discordant element; and France—our traditional friend, to which we are bound with ties of tenderest and most sacred sentiment—would not have assumed her present obstructionist attitude.

But even had she done so despite our presence, the very fact of our participation and our status as an actual participant would have made negligible her destructive influence and her power to stand in the way of progress toward world-wide peace and prosperity.

If the conference fails, followed by the disastrous consequences

prophesied by Lloyd George—if, in other words, America finds herself drawn into another maelstrom of European war—it will be another instance of republican party chickens coming home to roost; for fundamentally the blame will rest upon those who scuttled the Versailles treaty "to get even with Wilson," and who subsequently, in furtherance of that spirit, prevented our participation in the international conference at Genoa.

## CONGRESSIONAL PAY.

Representative Mondell made a public statement the other day that in his opinion members of congress are grossly underpaid—that the annual salary of \$7,500 they receive is far below "what men of the 'moral and intellectual' standing of congressmen ought to get for their services."

His colleagues undoubtedly will vote "aye" on this proposition, by an overwhelming majority; but what the taxpayers who pay them think about it is another matter, and the main thing for the congressmen to take into consideration before attempting to put the Mondell theory into practice.

The statement by the Wyoming representative suggests speculation as to just how much a congressman is worth to the country. He did not say just what salary would be satisfactory, from a strictly economic point of view; but upon previous occasions he has hinted that he believes \$10,000 a year would just about meet the requirements of the average member.

There are men in congress who, no doubt, are capable of earning much more than \$7,500 or \$10,000 a year, in private life; and there are some—a few—whose services to their country are worth much more than that in the course of a year.

On the other hand, there are members who, perhaps, never earned as much as \$7,500 in a single year before they went to congress, and who never will do so again, once they are relegated to the status of private citizens.

Indeed, there are some—without hazarding "naming names"—who are absolutely unfit and who would not be underpaid if they received nothing.

A happy solution to the question raised by Mr. Mondell, who is the republican floor leader in the house, would be the development of some sort of a system whereby a congressman would be paid according to his merits—on the basis of his capability and the relative value of his actual services in office.

That would have a tendency to weed out the "lame ducks," the incompetents and the underachievers, raise the calibre of the house membership and impart a higher tone to the grist that is annually ground out by the congressional mill.

But until such a system is devised, or, at least, until congress does more than it has done during the last few years to prove that its members are entitled to more pay than they are receiving, perhaps the least said about boosting salaries is the soonest said.

## A WRONG BUSINESS VIEW.

Commenting on a recent statement that the American business man, with a provident eye to present and future, "talks shop" on all occasions, The Chicago Daily News takes up his defense as follows:

"American business men as a class work harder than do any other business men in the world; but this is not due to a lack of the sense of humor. There has been very much hard, exacting work to be done, an empire to develop, natural barriers to level down, infinite resources to tap. The American business man jokes even while working hard with his coat off. But he is learning to enjoy himself and to give himself recreation and hobbies of the right sort. He is the backbone of the educational and cultural movements in America. He not only supports them by writing checks, as in former days, but by devoting time and energy to them."

Far and away sermons have been preached on the parable of the Rich Man and Lazarus, and the popular interpretation of them has been that the rich man spoken of was a type of all who came after him.

And the "tightwad" of that time "lines up" true today. But, of course, the world knows that the reverse is true of many "who have great possessions." Having climbed to high business estate by as hard work as their brother-workers who may have failed, they haven't lost the human touch, in any sense.

And that is why they become helpers to count on in the world's work, and enjoy or suffer with the rest.

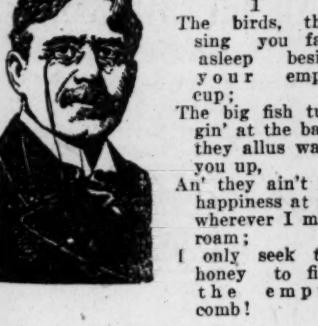

Just as the poor man dreams through the long day's work of lights in the windows of Home, so with his rich brother.

There should be quite a number of pay-up weeks in this busy, driving year.

Anyway, April goes out swimmingly.

## Just From Georgia

BY FRANK L. STANTON

**The Unhappy Fisherman.**  
The birds, they sing you fast asleep beside your empty cup.  
The big fish tug-gin at the bait, and thus wake you up.  
An' they ain't no happiness at all where I may roam;  
I only seek the honey to find in the empty comb!

**II.**  
I roam the snake-wild woodlands at moon and twilight dim,  
But not a rattler bites me, though the jug's full to the brim;  
An' then the "lion in the way"—full speed I see him go—  
I cannot catch an' sell him for a fortune to a show.

**III.**  
O world o' tribulation, so full of problems deep!  
I never find the money that I dream of in my sleep!  
But though the righteous suffer on this lowly earth of ours,  
They hold a first fair mortgage on Eden's blissful bowers!

## The Deacon's Opinion.

Deacon Bert Walker is quoted as follows in Notes From Kansas: "Some of the neighbors are always talking about a certain brother of my church as having been made by his wife. I have had business dealings with him both before and after he took the marriage vows, and he isn't worth anything yet. They give the women too much credit."

## Dig for the Gold!

If you take yer stand in Poor Man's Land  
You must dig an' dig for the gold.  
You must dig in the shuffle an' play yer hand,  
You must dig an' dig for the gold.

No time to rest  
'Neath the shady tree,  
There's a long rest comin'  
To you an' me!

There's gold in the sand in Poor Man's Land—  
More than yer arms can hold;  
If you follow the sun till the day's work's done—  
If you dig—if you dig for the gold!

No time to rest  
Where the blooms fall free;  
There's a long rest comin'  
To you an' me!

**Nuggets From Georgia.**  
(From the Dublin Courier-Herald.)  
And where, now, is the old-fashioned butcher who used to save the dog meat for the dogs?

And where, now, is the old-fashioned couple who went ahead and got married just because they happened to be engaged?

Sleeping on one's left side is unhealthy, but probably more men are doing it—since it's about the only form of dissipation left.

Another thing that adds no little to the gravity of nations is the sight of a tyro in a campaign, and independent suffragette suing for divorce on the grounds of non-support.

**The Prose-Poet's Opinion.**  
This is from the "Rambling Around Man" of Arkansas: "Oscar says: There should be something in the marriage ceremony to prevent a woman from shooting up. Her unnamed husband."

**"And Still A-Rainin'!"**  
(Correspondence Magnolia News.)  
It still rains. No parties; no visitors; no marriages; no babies; no fights; no nothing. How in thunder is a fellow going to get out any news of local interest under such conditions?

**And You'll Hear the Dinner Bell.**  
It says, says George Bailey, "Get the old gray mule and a burnished plow point and write it on the land."

Commenting on a new home-made quilt of three thousand patches, the Osborne Farmer says: "That quilt under the trousers worn by some editors."

## HEALTH TALKS

BY WILLIAM BRADY, M. D.

## CHILDISH DISEASE PHOBAS.

A vacuum cleaner is a handy little thing to have about the house, but it doesn't wot the microbes of disease any at all, though the glib salesman will tell you otherwise. The germs his machine will remove from the prospect's abode. White enamel, nickel plate and plate glass are all pretty enough in a butcher shop, a Greek candy store, but put not your trust in these adornments—look in the cellar or under the counter or under the fingerboard of a motor car which handles your food. Theatrical garishness did for a time feature even the furnishings of the hospital operating room, until modern medicine, as to be dragged into the average "modern" hospital encounters far too much glare and glitter in lieu of cleanliness, right now. But, friends, take it from a doctor with a reasonable familiarity with germ ways and a wholesome respect for the wilder tribes, such trappings are not to be deemed in any way preventive of disease. It may be that impervious smooth surfaces and rounded corners are easier to wash with soap and water than uneven or over decorated woodwork, for instance, and square corners—but that doesn't give us a clean excuse for plate glass, while enamel and nickel plate, in operating room, lavatory, bath, sick room, kitchen or candy store.

We don't absorb any germs through breathing—there isn't even a germ in the air. It is imagined, long before the actual cause of disease, infectious or epidemic diseases had been found, that some vague "miasm" arose and permeated the atmosphere around and about the patient. It is a ridiculous notion, as a general rule, and is a perfectly harmless bacteria.

No known disease is spread through the air. It was imagined, long before the actual cause of disease, infectious or epidemic diseases had been found, that some vague "miasm" arose and permeated the atmosphere around and about the patient. It is a ridiculous notion, as a general rule, and is a perfectly harmless bacteria.

Disease germs can go only where they are carried. They can't travel of their own activity.

## BITS OF NEW YORK LIFE

BY O. O. MINTYRE

New York, April 27.—Thoughts while strolling around New York: The East Side noonday turmoil. Tenement children swarming to the street carousel. Timid goats peering from dark alleyways. Battle of tin-pots. Smells of stink cooking. Squeaking shoes and tumbled shoes. Penny ice cream cakes.

Dirty windows that give a momentary glimpse of faces with feeble eyes. Gray masks of suffering. Threadbare students reading Marx. Knocking their heads against the stans. Tongue dripping revolvers screaming from soapboxes. A strange generation mewling in the cradle. On the ground that Washington road. Struggling for a grip on life with Augustan patience. Skull capped venerables assailed by youthful gibes, flouts and jeers. Gloomy dog blood heralding herb nostrums for the blood. Leather-skinned women loaded down with kindling. The buzz of green bottle flies.

A cross-town car ride—and the shopping district. Stately ladies in little closed cabs. Horses trained to prancing, but as docile as lambs. A down-at-the-heels marquis. But a new and gay little feather in his hat. Russian frocks. I wonder if they will wear sabots.

The avenue grows in grace and beauty with the seasons. And up in Central park the birds are popping. Eddie Cantor strolling with Lee Shubert. From the old-fashioned boarding houses come "the complete gentlemen" for late afternoon strolls. Girls carrying those weird, raggedy Parisian dolls.

A row of notaries. Wonder if people are really interested in the date their commissions expire? Violet sellers going home with their wilted wares. Dusk. And in the distance Broadway. Like a fallen constellation.

## THE PERISCOPE

There are fifty-two weeks in a year—but how many "Weeks." How would it be, we wonder, if things were back to a pre-congress basis?

If a man wants to borrow trouble the world stands ready to give him credit.

With Russian rubles down to about ten cents a ton—why worry about coal?

A man's bankroll often is washed away in a flood of his wife's tears.

Some men claim they sleep well in Pullman. And some men are fairly truthful.

Hang it; the next time we have a war, let's work it on the pay-as-you-enter plan.

Whatever a man saveth probably won't come up. But gardening is good exercise, anyhow.

In buying liquor, it's wise to believe everything the bootlegger doesn't say about it.

A muskrat makes the same set of furs last a whole year, but who wants to marry a muskrat?

Every little bit added to the places you've already been bit makes life just a little bit bitter.

## LIGHT SHOWERS SLATED TODAY, SAYS FORECAST

Although showers which have been expected for the last few days failed to materialize, rain is again predicted for Friday. Cooler weather is also foreseen by the local weather bureau staff. The showers will not be heavy, it is said.

Heavy rains have extended over the central Mississippi and Ohio valleys to the lake region, according to communications received here. Thursday morning saw rain as far east as Nashville.

An area of high atmospheric pressure has been recorded north of the Great Lakes, where will move to the New England coast, causing north-easterly winds and cooler weather in North Georgia.

## MEMBERSHIP DRIVE OF THE CREDIT MEN PROVES SUCCESS

Success in the membership drive of the Atlanta Association of Credit Men in bringing the total membership up to 250, was announced Thursday afternoon by C. L. Williamson, secretary. Mr. Williamson states that the writing campaign has been successful in bringing the total well over 250. Thursday was the final day of the campaign which lasted more than three weeks.

## THE LOOM OF FATE

**I.**  
In this late day  
Time-aged, without decay,  
Men build their monument of steel and stone;

They glid its dome, whose top plays with the stars,  
And minaret, so tall that nothing bars  
Its height, save this alone—  
A helpless base of clay.

**II.**  
Through days and nights—  
Through anxious, fevered flights  
Of toil and worship of the lust for  
Men board the coil from those less wise than they  
And lock it close against some bitter day

When Chance her smiles withhold  
And Fortune's cunning slights.  
Men die and leave  
In the unshaken sieve  
The chaff and wheat they've culled  
From year to year;  
Time crumbles down their monuments  
Of steel and gold,  
Their gold is washed by the weak  
That yield  
To slough and stinking mire  
The loom of Fate still weaves.

—H. E. HARMAN.

## MEIXELL ATTACKS ORPHANAGE SITE

Claims It Is Often Inundated by Water and Urges Capitol Avenue-Vanira Street Location.

Continuing his fight to locate the girls' high school on the Capitol avenue-Vanira street tract of 17 acres, School Commissioner A. C. Meixell directed a letter to each member of the city council and the board of education, setting forth specific objections to the Hebrew orphanage site and asking the members to make a personal inspection and comparison of the two tracts before voting to buy the orphanage property.

"Affidavits can be obtained from adjoining property owners on Crew, Little and Love streets that half of the property is completely inundated by water sometimes two feet or more," he wrote, "the sewer system being inadequate during excess rains."

He said the board proposed to build the Fraser street grammar school on two acres adjoining the orphanage property, and that the sites of both schools combined would embrace only about eight acres.

The commissioner stated that Miss Jessie Muse, principal of Girls' High school, upon a visit to the property, asked the superintendent of the orphanage why it was for sale. He replied that it did not provide ample recreation grounds and said there were 85 children in the home.

Mr. Meixell urged that before approving the purchase of the site, the board commission have the Girls' High school architect submit a study showing whether or not the site is feasible.

His letter to the council members and board commissioners is as follows: "There are many serious objections why the Hebrew Orphan's home site should not be approved, some of which are:

"Affidavits can be obtained from adjoining property owners on Crew, Little and Love streets that half of the property is completely inundated by water, sometimes two feet or more, the sewer system being inadequate during excess rains."

Crew street will divide the property in half and make it impossible to give proper protection to the student body and also requires steps 30 feet high to reach the playgrounds.

I also wish to inform you that the purpose is to build a new grammar school and the Girls' High school on a tract of a little over eight acres of ground to take care of both propositions. The site for the new grammar school will comprise a little over six acres at \$80,000, and the Fraser street elementary school site adjoining it comprising about two acres at approximately \$50,000. The site is entirely too small for the Senior High school purposes, and according to reports of surveys, Drs. Strayer and Engelhardt, we should endeavor to get at least 15 to 20 acres for our Senior High school.

"Before approving the purchase for this site, we urge you to have the architect selected for the Girls' High school to work up preliminary drawings and submit a study showing whether or not the site is feasible for the purposes intended. If proven inadequate, you will save the taxpayers money by voting adversely on the school board's selection of the Hebrew Orphan's home site."

Upon a visit to the Hebrew Orphan's home by Miss Jessie Muse and asking plainly the superintendent of the orphan's home what was the reason for disposing of this property, the superintendent stated that it did not provide ample recreation grounds, and she then and there asked how many inmates they had, and he stated 85 children. Such being the case, the Atlanta Chamber of Commerce, asking that slides of this sort be located for him. He asked for pictures showing conditions in factories, homes and agricultural districts, as well as life among negroes.

Anyone who is able to furnish those slides should get in touch with Mr. Barker.

One way of looking at it: "Why should the government take my money by taxation? The government already has more money than I have." (Copyright, 1922, by The Constitution.)

## LOCAL FOOD DEALERS PLAN GREAT PICNIC

One of the biggest picnics ever held in Atlanta and possibly the largest in the history of the city is being planned by the Atlanta Retail Food Dealers' association, as well as representatives of every organization connected with distribution of food in the city. The picnic will be held at some date in June to be set in the near future, according to R. V. Bergen, secretary of the association.

**MAIER IS ELECTED TO COLLEGE BOARD**  
The executive committee of Oglethorpe university has announced that H. A. Maier, well-known business man of Atlanta, has been elected to the board of founders of the university. Mr. Maier's son, Armin, is attending college at Oglethorpe.

**WARD WIGHT LEAVES FOR MACON MEETING**  
G. Ward Wight, president of the Atlanta real estate board, left Atlanta Thursday night for Macon to attend a special meeting of the executive committee of the Georgia Real Estate association, called by President Francis Calhoun, of Augusta. Friday night he will be the guest of the Macon real estate board at its annual banquet.

**Shipping Strawberries.**  
Jackson, Ga., April 27.—(Special.) Growers of strawberries in the Jackson territory are now beginning to ship the berries to the market. Shipments so far have been made to Atlanta by express, but buyers who have been handling the Florida crop will come to Jackson within a few days and buy in large lots. A price of 25 cents per quart is being paid for the strawberries shipped to Atlanta dealers.

**Singing Convention.**  
Summerville, Ga., April 27.—(Special.)—Singers from all parts of Chatham county, as well as from Rome and LaFayette, will gather here Saturday and Sunday for the semi-annual meeting of the Chatham County singing convention.

## Opera Orchestra Members Given Smoker Thursday

Members of the Metropolitan Opera company orchestra including General Manager Anthony Abarno were guests of W. Woods White, prominent Atlanta capitalist and patron of the opera, at a smoker given at the residence of Mr. White on Howard street Thursday night. The affair was informal in every way.

"We just wanted to provide a little entertainment for the real music makers," is the way Mr. White described it.

Several well-known Atlanta musicians including Enrico Leide, of the Howard theater orchestra, were among the guests invited to meet the musicians of the Metropolitan company. Mr. Leide and Manager Abarno talked interestingly of the history of the famous Metropolitan musical organization. Mr. Leide was formerly a member of that orchestra.

Among the guests were the four conductors of the Metropolitan orchestra, Papi, Roberto Moranzoni, Louis II seelmans and G. Bamboschek.

## OPERA DIFFICULTIES EXPLAINED BY SIEDLE

The technical difficulties incidental on bringing the vast Metropolitan opera organization and its elaborate equipment to the city of Atlanta were explained to members of the Advertising club of Atlanta Thursday noon by Edward Siedle, technical director of the Metropolitan opera company, who was the principal speaker before the regular luncheon of the club at the Kimball hotel.

To illustrate the great problems involved in keeping track of scores of various departments, their personnel and equipment, Mr. Siedle read from his note book a check list to which he has occasion to refer during an Atlanta visit. His auditors were astonished as he called to their attention numerous details of a technical character which have to be handled in moving the opera company from New York to Atlanta for a single week's visit, details which the usual opera-goer at the Auditorium never considers or even dreams of.

Mr. Siedle was introduced by William J. Guard, the press director of the company, who, in a short talk, expressed his appreciation of the magnificent support given the opera week in Atlanta by the three Atlanta papers.

Alan Rogers, a member of The Constitution staff a dozen years ago, and now press director for the New York Central Lines, west of Buffalo, was present and extended the members of the Atlanta club in behalf of the Advertising Club of Cincinnati an invitation to draw up in chart form, calls for June 10 when the local delegation to the national convention goes to Milwaukee this summer.

A plan for the complete reorganization of the club was presented by R. Winston Harvey, a member of the board of directors. This plan, which was drawn up in chart form, calls for the division of the membership into a number of departments, with each member assigned to the department where his chief interest lies.

Refuge camps have been established at Natchez, Miss., Harrisonburg, Martinsville and Jonesville, La., by the Red Cross, where food, clothing, blankets and medical attention are available to the homeless residents of the overflooded areas. More than 4,000 persons are being cared for in the refugee camps, and the attention of others are being cared for in the homes of friends. The Monroe, La., national guard company was assigned to duty at the Harrisonburg refugee camp today to co-operate with the Red Cross in caring for the refugees.

**O'HARA CLAN WILL CONDUCT FUNERAL SERVICES TODAY**  
Funeral services for three members of the O'Hara clan of horse traders, who died during the past year, will be held at the Church of the Immaculate Conception at 9 o'clock Friday morning.

Interment will be in Westview cemetery, with Greenberg & Bond in charge.

Members of the clan who are to be buried are Willie Costello, who died July 16, 1921; Mrs. Bridget McGuire, his mother, who died August 9, and Mrs. Bridget Sherlock, wife of Pat Sherlock, who died April 12.

**FIFTH DISTRICT PUPILS HOLDING ANNUAL CONTESTS**  
Musical and recitation contests of the annual Fifth District high school meet were held at the Kirkwood high school at 8 o'clock Thursday evening. The meet will extend through Friday and Saturday.

Representatives from the eight high schools in the Fifth district are competing. Both scholastic and athletic events will be included in the program.

Friday morning a spelling match and a reading writing contest will be held at Kirkwood high school. Friday afternoon the athletic events of the contest will take place on the Emory university drill field. A debate will be held between Fairview and East Point at the Kirkwood high school that evening.

Saturday morning prizes will be awarded to the winners of the contest. There also will be a declaration of contest at this time at the high school. J. B. Lockhart, principal of the Kirkwood school will be host to the meet.

**JUDGE POSTPONES TRIAL OF WOMAN WHO SLEW VINSON**  
The trial of Mrs. Cora L. Vinson charged with shooting and killing her husband, Dr. W. D. Vinson, several weeks ago, was postponed by Judge John D. Humphries, of the criminal division, of the Fulton superior court. Mrs. Vinson was brought from the Fulton jail to the court room on a stretcher.

Judge Humphries postponed the trial, deeming that the physical condition of prisoners should be determined before being brought into the court room. He said it was against the rules to bring a prisoner to the court room for an examination to determine whether or not the defendant is physically able to stand trial.

Judge Humphries ordered that Mrs. Vinson be taken back to the jail and that a physical examination be made by Dr. James N. Ellis. It was learned that Attorney Newell Morris, of Marietta, and Hewlett & Dennis, of Atlanta, representing Mrs. Vinson, will enter a plea of insanity for their client.

**Fair Dates Announced.**  
Barnesville, Ga., April 27.—(Special.)—Officers of the Lamar County Fair association have fixed the time for the county fair this fall for the week of October 9-14, and those who are in close touch with the situation state that the prospects are exceedingly encouraging for an unusually fine exhibition. This will be particularly true for the displays in agriculture, live stock, and poultry.

## TWO NEW BREAKS IN LEVEE SYSTEM

While Collapsed Section at Ferriday, La., Widens to 1,500 Feet Under Continued Strain

New Orleans, April 27.—With practically all hope of "basing the break in the levee at Ferriday, La., having done the break there now having widened to

**NUXATED IRON**

If you are not strong or well you owe it to yourself to make the following test: see how long you can walk or how far you can walk without becoming tired. Then take two five-grain tablets of NUXATED IRON three times per day for two weeks. Then test your strength again and see how much you have gained. Many people have made this test and have been astonished at their increased strength, endurance and energy. Nuxated Iron is guaranteed to give satisfaction or money refunded. At all good druggists.

Mrs. LAURA KIMBROUGH

### Stomach Trouble?

Health is Most Important to You.

Columbus, Ga.—"Doctor Pierce's Golden Medical Discovery is certainly a grand medicine for stomach trouble. I have suffered greatly all my life from a disordered stomach. My food seemed to get so heavy, no matter what I ate. I have taken many of the medicines advertised for this trouble, but none of them has ever come up to Golden Medical Discovery for giving prompt and lasting relief. Whenever I have a sluggish liver, with sick-headaches and constipation, I have found Dr. Pierce's Pleasant Pellets a very efficient remedy. They do not gripe or cause any other distressing condition such as a great many pills do."—Mrs. Laura Kimbrough, 8503 Erlene Avenue.

Obtain this Medical Discovery of Doctor Pierce at your nearest drug store, in tablets or liquid, or send 10c to Doctor Pierce's Invalids Hotel in Buffalo, N. Y., for trial package, and write for free medical advice.—(adv.)

## Power Company Planning \$3,000,000 Improvements

### Permission to Issue Bonds for Expansion and Extension Work Asked of Rail Board.

Expenditure of nearly \$3,000,000 in improvements and developments in Atlanta and north Georgia is planned by the Georgia Railway and Power company, it was disclosed Thursday when a petition was filed with the state railroad commission by the company asking permission to issue bonds to finance the proposed expansion and extension plans. The money is to be spent in completing the big Tugalo dam and power project which will increase the efficiency of the company's power system and the extension of transmission lines to connect the Georgia company with other power systems.

With permission given by the state railroad commission the company will begin its development work immediately, this money being turned into general trade channels in north Georgia and increasing to a substantial extent payrolls in this section.

**Refunding Mortgages.**  
In the petition to the state railroad commission the company also asks permission to issue \$983,000 face-value Georgia Railway and Power company first and refunding mortgages to reimburse the company for additional extensions and improvements already made. The company also asks permission to issue \$3,500,000 in 6 per cent 25-year gold bonds which are to be issued against a similar issue of 5 per cent bonds.

The bonds which will be used in improvement and extensions aggregate \$2,337,000 and all of this money will be spent in development in north Georgia and the immediate Atlanta district.

**Projects Proposed.**  
The work on which the money realized from these bonds will be spent is as follows:

Winder-Monroe transmission line, 14 miles	\$ 45,000
Tallulah-Toccoa transmission line, 12 miles	90,000
Toccoa-Royston transmission line, 24 miles	180,000
110,000-volt substation at Toccoa	30,000
Changes in Atlanta-Newnan transmission line, 40 miles	114,155
Proportion of cost of Lindale-Tennessee transmission line	175,045
Changes at Morgan Falls	400,000
Proportional cost of Tugalo development	1,500,000
110,000-volt substation at Commerce	18,000

The bonds to care for these expenditures amount to \$2,117,500 of Georgia Railway and Power company first and refunding mortgage 5 per cent 40-year sinking fund gold bonds to be issued under the mortgage on account of after acquired property.

These bonds are to be issued in advance of the actual construction and acquisition of improvements, extensions, and additional properties, work on which is either now in progress or about to be undertaken.

The total amount is to be deposited with a trustee and paid out from time to time on vouchers to pay for the work as it progresses.

**Work on Tugalo.**

The largest single item is the \$1,500,000 for the work at Tugalo, where a new dam and power house are now in course of construction. This, by means, represents the total expenditure on this work, the great amount already spent on this work not being represented. The million and a half is merely to complete construction already under way.

The proposed Winder-Monroe transmission line will connect the 28,000-volt line from Norcross via Stone Mountain, Conyers, Covington and Social Circle with the 38,000-volt line extending from Gainesville to Winder via Braselton. This will increase the transmission capacity of the lines in this territory and improve the operating characteristics of the entire line.

The Tallulah-Toccoa and the Toccoa-Royston lines are proposed for immediate construction in order to handle the load which can be obtained in the vicinity of Toccoa and provide improved service to the Franklin district through Royston. This line will ultimately form part of a third 110,000-volt circuit from Tallulah Falls to Atlanta, two circuits now being carried along the existing steel tower line. This third circuit will traverse a different section and provide power to intermediate stations along the routes.

The 110,000-volt substation at Toccoa will receive the power from the Tallulah-Royston line and transform the voltage to the proper figure for the loads in the vicinity of Toccoa.

**Changes on Lines.**  
The changes on the Atlanta-Newnan transmission line is designed to take care of the load, which has increased to the point where a 110,000-volt operation is necessary. The entire line must be insulated for the higher voltage. This work will provide the additional capacity now required and improve the service to customers along this line. In addition

to supplying the sub-stations along its route, the line will also form the tie connection between the Georgia Railway and Power company system and the Columbus Power company. The change will also increase the capacity of this interchange connection. The Lindale-Tennessee line work is to increase the transmission capacity of the line between Lindale, Ga., and Cleveland, Tenn., which serves as a tie line between the Georgia Railway & Power company and the Tennessee Power company, and as a supply line for the territory around Rome, Calhoun and Dalton. This will materially improve the service to customers in this district and increase the capacity of the system.

The Morgan Falls generating station work is to make this plant, built in 1902 and 1903, thoroughly modern. The station will be so connected to the transmission system as to add Atlanta that it can be used as a regulating, as well as a generating station. The money for the 110,000-volt substation at Commerce is in anticipation of the line from Tallulah to Royston to be built during 1922, which will be extended in 1923 to Commerce.

**Other Issues Asked.**  
In addition to this improvement bond issue, the Georgia Railway & Power Co. also applied for the authorization of an issue of \$983,000 face value Georgia Railway & Power company, first and refunding mortgage as issued under the mortgage of the company dated April 1, 1914, on account of after acquired property and for the purpose of reimbursing the company for expenditures already made for additions, extensions and improvements constructed or acquired prior to April 1, 1922.

Further application is made for the issue of \$3,500,000 Georgia Railway & Power company's general mortgage 6 per cent 25-year gold bonds, series of 1922, to be dated April 1, 1922, and to mature April 1, 1947, bearing interest at 6 per cent. These bonds are to be issued under the general mortgage of the company dated November, 1921. The bonds are secured by a general mortgage and by the deposit as collateral of \$3,500,000 first and refunding 5 per cent bonds. The petition states that the 5 per cent bonds would have to be sold at no great a discount, so they are put up as collateral and a like amount of 6 per cent bonds issued against them.

The petition states that these 6 per cent bonds have been sold, subject to approval by the commission, and the price at which they were disposed of will be disclosed to the commission at the hearing.

### POSTAL TELEGRAPH SEES VINDICATION IN DAUGHERTY ACT

New York, April 27.—(Special.)—The action of Attorney-General Daugherty in dismissing the government suit against the Postal Telegraph-Cable company for \$2,400,000, claimed as "excess earnings" during the period of wire control by the government, is regarded as a victory for the telegraph company and a complete vindication of its policy during the war.

This suit was instigated by Postmaster-General Burleson, and statement of Mr. Daugherty, in which he expressed the opinion that the "government cannot successfully prosecute this suit in view of the facts and the law" is construed by officials of the Postal Telegraph as bearing out their contention that Mr. Burleson's attitude was arbitrary to degree, extremely unfair and unwarranted by the facts in the case.

**Basis of Suit.**

It was explained today by an officer of the Postal Telegraph that the suit grew out of Mr. Burleson's refusal to deal with that company on the same basis on which he dealt with other communication companies, including the Western Union Telegraph company and the American Telephone and Telegraph company. In other words, the Postal Telegraph company claimed this was rank discrimination.

The act under which the wire companies were taken over by the government, unlike the act providing for federal operation of the railroads, did not provide a formula for computing the compensation which was to be paid them.

In the cases of the Western Union and the American Telephone and Telegraph, the their postmaster-general accepted their earnings statements and in readjustment allowed them amounts far in excess of their actual earnings during the period of control. With the Postal Telegraph, however, Mr. Burleson refused to allow that company to retain all of its earnings, demanding that a sum of approximately \$2,400,000, which was earned by the Postal during the period of federal control, be turned over to the national treasury.

This the Postal Telegraph refused to do, on the ground that Mr. Burleson was endeavoring to confiscate approximately 60 per cent of its earnings, and the company insisted that it had been singled out for unjust treatment and in direct contravention to what had been accorded its rivals. A bitter controversy developed and finally, a few days before ex-Postmaster-General Burleson left office, he instituted a suit by the legal department of the postoffice against the Mackay companies. It is this suit which Attorney-General Daugherty now has decided to drop, and his action is regarded by Postal Telegraph officials as fully sustaining their position and a complete victory for the company.

### WILLIAMS INDORSED BY SOPERTON BAR

Soperton, Ga., April 27.—(Special.)—The local bar, consisting of the following: W. J. Wallace, Will Stallings, N. L. Gillis, Jr., W. Misbee, D. R. Jackson and A. C. Saffold, have all indorsed G. H. Williams, of Dublin, for the new federal judgeship for Georgia. County officials also have signed a paper indorsing Mr. Williams for the appointment.

### High School Meet.

Waynesboro, Ga., April 27.—(Special.)—The First District High School association meets at Springfield on Friday. Practically every four-year school in the district will take part. The schools that will participate are Waynesboro, Metter, Millen, Statesboro, Springfield, Cobbtown, Guyton, Brookley, Claxton, Reidsville, Glennville and Sylvania. The contestants from Waynesboro are: Debate, Joe Weintraub, Edwin Fulcher, Jr.; declamation, Frank Skinner; reading, Martha Julia Hurst; music, Mary Nell Porter; essay, Clifford Trawl and David Weintraub; athletics, L. P. Herrington, Bruce Blunt, Robert Blount, McRae Williams, Ernest Rackley, Edward Burnet, George Cox.

### To Entertain Institute.

Tifton, Ga., April 27.—(Special.)—Tifton is preparing to entertain the Sunday School institute for the Valdosta District Methodist church, which meets here Tuesday for two days.

## REED LOSING GRIP IN PRIMARY RACE

BY JAMES A. HOLLOMAN,  
Constitution Bureau,  
Raleigh Hotel.

Washington, April 27.—(By Constitution Leased Wire.)—Political comment at the capital for the past few days has been directed to the Missouri situation, where Senator Reed, democrat, is facing one of the hardest campaigns of the coming elections. Missouri is at Washington. The state party will not be greatly surprised if Senator Reed is defeated for renomination in the democratic primaries on August 1. In their opinion if the primary elections were held today Reed would lose to his opponent, Breckinridge Long, who was third assistant secretary of state in the Wilson administration.

Senator Reed is in Missouri, but has not begun his primary campaign. He is noted as an intensive and forceful campaigner, and according to Missouri people his chances may be materially bettered after he starts his speech-making effort. It will be an uphill fight, however, as the tide appears to have set against him.

**Opposed to Wilson.**  
Senator Reed's opposition to President Wilson and his policies is the primary reason for his present position. He was elected a delegate to the democratic national convention at San Francisco in 1920, but the face value Georgia Railway & Power company, first and refunding mortgage as issued under the mortgage of the company dated April 1, 1914, on account of after acquired property and for the purpose of reimbursing the company for expenditures already made for additions, extensions and improvements constructed or acquired prior to April 1, 1922.

Further application is made for the issue of \$3,500,000 Georgia Railway & Power company's general mortgage 6 per cent 25-year gold bonds, series of 1922, to be dated April 1, 1922, and to mature April 1, 1947, bearing interest at 6 per cent. These bonds are to be issued under the general mortgage of the company dated November, 1921. The bonds are secured by a general mortgage and by the deposit as collateral of \$3,500,000 first and refunding 5 per cent bonds. The petition states that the 5 per cent bonds would have to be sold at no great a discount, so they are put up as collateral and a like amount of 6 per cent bonds issued against them.

The petition states that these 6 per cent bonds have been sold, subject to approval by the commission, and the price at which they were disposed of will be disclosed to the commission at the hearing.

**Guess Was Wrong.**  
When Senator Reed, in response to Wilson's communication, produced a letter from Wilson, complimenting him which the ex-president said he had no recollection of having written, it was supposed in a letter to the St. Louis Globe-Democrat. Some of Reed's supporters had been claiming that, while the senator had opposed the league of nations covenant and had Wilson had other differences, there would be no opposition by the ex-president to Reed's selection as the candidate for senator. By implication their contention was that the differences between the ex-president and the senator had been forgotten by Wilson. This idea was dispelled by Wilson's letter.

**Still Is Raided.**  
Stillmore, Ga., April 27.—(Special.)—Four men attached to the raiding squad operating in this section, captured a still, about 3,000 gallons of beer, a quantity of "moonshine" and a negro, seven miles north of here today. A white man was at the still, which was in operation, but made his escape. The federal party was in charge of E. C. Pierce, of Dublin.

## DORSEY ACQUITTED OF LIQUOR CHARGE

Athens, Ga., April 27.—(Special.)

W. F. Dorsey, well known furniture dealer and former mayor, was given a preliminary hearing in the justice court here today which resulted in the charge of violation of the prohibition law being dismissed.

The warrant, sworn out by Lamar C. Rucker, was predicated on an alleged party at the Dorsey home last fall—either the day before the Georgia-Furman game, or the Georgia-Georgia game, or the Georgia-Virginia game—at which it was charged Mr. Dorsey served whisky, and that Mr. Dorsey had purchased

a quart of whisky through H. S. Heidler, just before Christmas. Two of the witnesses in the case, said to have been guests at the "party," were summoned from out-of-town—T. J. Simmons, formerly of Athens and now of Atlanta, and another Atlanta man, who was not present, being in New York at this time.

Mr. Simmons responded to the summons of the state, but was not placed on the stand, having stated that he would not violate "any man's hospitality by going on the witness stand and testifying against him with respect to things that happened" while he was a guest in the home.

### PROF. DERRY TALKS TO BOYS AT EMORY

Professor Joseph T. Derry, eighty-two-year-old veteran of the Civil War, former state historian, addressed the students, faculty and their friends of the university at Emory, on the Memorial day program, which was held under the auspices of the R. O. T. C. Wednesday morning. Professor Derry also has the distinction of being the oldest Emory alumnus, having been graduated from the college in 1860, sixty-two years ago.

On the program was Richard J. Broyles, former captain in the A. E. F. He stated that the American boys fought to prevent future wars and he denounced the failure of the United States to enter into some agreement looking to a permanent peace.

President Cox, of the university, made the opening remarks and announced the program. Dr. Franklin Parker must the invocation. Mrs. W. Fletcher Melton spoke in behalf of the woman's club. Asa G. Candler also made a short talk. Music was furnished by the band and glee club of the university.

# TRACK TEAMS ARRIVE TODAY FOR MEET SATURDAY

## Bitter Contests Looked For When State's Cinder Stars Compete at Emory

Georgia, Mercer and Piedmont Reach Atlanta Today and Will Be Quartered at Emory Fraternity Houses.

BY HERMAN D. HANCOCK.

All the teams which are to enter the Georgia Olympiad, which takes place on Emory university athletic field Saturday at 2:30 o'clock, are taking a rest before the big event which will decide the state track, field and tennis championships. Entries which have been made show that every team has a good fighting chance and that each team will be fighting for the large end of the score in the final count.

By far the hardest fought race will be the mile with Cotton, of Tech; Howard, of Georgia, and Stokes, of Emory, fighting for the major honors. The most interesting race will be the 880-yard run. In this will be Carter, of Emory, and Cooper, of Tech. Each of these men warrants highest consideration, but with the competition which the Bulldogs offer in Fitts and Koper, the Bulldogs are expected to be the hardest on the field. Every man who enters this race is expected to determine to set a new record, and the fight will be a glorious one until the tape is broken. "Red" Ivey, of the Petrel squad, has few scruples when it comes to showing his heels to competitors in the dashes, and there will be a fight from beginning to end.

### Roberts to Star

The Oglethorpe boys are also showing up on the distance staff this season, and Roberts is expected to throw the discus for a good record. Welch, of the Yellow Jacket team, has consistently out-thrown his new record which he made in the S. A. A. last season. Van Buren, of Emory, and Griffin, of Georgia, will give keener competition than he has experienced in his tryouts or in the meets which he has experienced this season.

Tech also intends to show the track fans of the state that the Yellow Jackets can run relay. Nabel, Hartford, Carter and Daves will show endurance to keep up with as fast a team as Coach Alexander has selected. Daves will be on hand and will show the same fight which he showed last season. He is a more seasoned runner than he was last year, and the fight for major honors will find him pushing his adversaries.

Jumps will be started with the high jump, of which Welch, of Tech, who won the meet last season, will find more competition than was experienced last season. In fact all the final records are expected to show better marks than last year. Blum and Tarpoff, of Piedmont, have good records, these boys will be seen fighting for their alma mater with all the skill and force which they have shown in former meets. Powell and Kilpatrick will uphold the honor of the blue and gold in the high jump. The broad jump will make a very substantial gain over last season. It will be won on not less than 22 feet. Stephens, of Oglethorpe, has been getting good records all the season.

### Another Feature

One of the features of the meet will be the mile walk. This is always an interesting part of the program. Saturday will find some of the best tramps of the state in the competition which will take place before the largest crowd ever assembled on the Emory field. Teams which will be contested more closely than ever before, Tech and Emory divided them last year. Tech will have a very strong team, and Emory will follow with one of the strongest in the state.

The Mercer University, University of Georgia, and Piedmont will arrive at Emory some time today, and will be assigned to quarters on Fraternity row at the university. The first houses have been taken into temporary barracks for the accommodation of the visiting teams.

Medals for the places in the events will be given for the first three places. A gold medal will be presented for first place, a silver for second place, and a bronze for third place. Besides the individual prizes offered in each event, there will be the Emory trophy which Tech has already won for two years. If the Yellow Jacket is won by the Jackets again, it becomes the permanent possession of the white and gold team. Emory and all the other teams are determined to save the trophy or have the S. I. A. A. records smashed with nonchalance.

### The Entries

The entries for the third Emory university state invitation meet are Emory university, Georgia university, Georgia School of Technology, Mercer, Oglethorpe and Piedmont. A list of entries for the teams with the exception of Mercer, whose list has not yet reached the headquarters, follows:

**Emory Entries.**

One hundred-yard dash, Milligan, Watson, McCurdy; 220-yard dash, White, Milligan, Logan; 440-yard dash, Logan, Graydon, Sullivan; 880-yard run, Bickelstaff, Mitchell, Stokes; one-mile run, Stokes, Peterson, Enloe; 2-mile run, Harper, Stokes, Mitchell, Peterson; pole vault, Parks, Huggley, Almond; high jump, Powell, Kilpatrick, Lester; broad jump, White, Lester, Long; discuss, Baum, Long, Van Buren, Ouseley; shot put, Van Buren, Fluke, Ouseley; javelin throw, Van Buren, Whitaker, Daniel; mile walk, Van Buren, Whitaker, Harrell.

The entire lists for the University of Georgia and Mercer are expected to reach the association some time tomorrow.

### Georgia Entries.

One hundred-yard dash, Reynolds, Ellis; 220-yard dash, Reynolds, Ellis; 440-yard dash, Fitts, Roper, Evtitt; 880-yard dash, Fitts, Roper, Erwin, Wellding; one-mile run, Howard, McGiffin, Lander; 2-mile run, Howard, McGiffin, Lander; shot put, Fletcher; Discus throw, Broadnax, Mulvihill, Bennett; javelin throw, Griffin, Mulvihill; high jump, Kicker, Alford; broad jump, Kicker, Alford; pole vault, Hill; relay, Fletcher, Roper, Evtitt, Fitts.

### The Tech Entries.

One hundred-yard dash, Anderson, Connor, Thompson; 220-yard dash, Anderson, Connor, Mitchell; 440-yard dash, Nabel, Hartford, Daves; 880-yard dash, Carter, Curreton, Daves; mile run, Cotton, Curreton, Cooper; 2-mile run, Cotton, Calloun, Moore; 220-yard hurdles, Williams, Rather, Kopper; 220-yard hurdles, Williams, Rather, Kopper.

Rather, Rosser; high jump, Brewster, Williams, Duckworth; broad jump, Nabel, Williams, Daves; pole vault, Welch, Williams, Rosser; shot put, Granger, Welch, McCree; discus, Granger, Granger, Welch, McCree; javelin throw, Granger, Welch, McCree; relay team, Nabel, Hartford, Carter, Daves, Mitchell, Tensley; mile walk, Frye, Reeves.

### Oglethorpe Entries.

One hundred-yard dash, Ivey, Phillips; 220-yard dash, Ivey, Phillips, Lively; 880-yard run, Crenshaw, Lively; 2-mile run, Baxter; shot put, Roberts and Crow; discus, Roberts, Crow; javelin throw, Q. Tucker; pole vault, W. Tucker; high jump, W. Tucker, Stinson; broad jump, Stephens, Phillips; mile walk, Crenshaw.

### Piedmont Entries.

Coach Forrester and Manager Tarpoff, of the Piedmont, submit the following list of entrants for the college:

One hundred-yard dash, Derrick, Blum; 220-yard dash, Jackson; 440-yard dash, Jackson; one mile, Willis, Ford, Essinger; 2 miles, Tarpoff; discus, Dillard; broad jump, Blum, Tarpoff; high jump, Blum, Tarpoff; 220-yard hurdles, Dillard; relay, Derrick, Essinger, Jackson, Willford.

## SOME NEWS BITS

There were just two ball games in the American League Thursday and the Senators won the only victory.

The Yanks and Red Sox were resting through a gap in the schedule, and the game was postponed. The game between the Tigers and Browns in St. Louis, the Indians and the White Sox, and the Cubs and Cardinals in St. Louis, were also postponed.

The Giants, whose streak was interrupted by the Phils on Wednesday, got back into the swing of winning ball games again Thursday and belted the Phils for 13 hits and a 10 to 5 score. The Dodgers made a fight for it after Sherry Smith had permitted the Braves to score three runs in the second inning at Boston. Eventually, by dint of smashing out 10 hits, the Dodgers won 12 to 5. The Cubs, who had been in the lead for some time, lost to the strong Cardinals again in St. Louis Thursday, 6 to 4, and maintained their tie with the Giants for leadership of the league.

## B. H. S. GRID LIST IS HARD

BY ROY E. WHITE.

Professor Paul Rosser, chairman of the schedule committee of Boys' High School athletics announced Thursday the following football schedule for the season of 1922.

It is a bit early yet for football schedules. Professor Rosser is of the opinion that the early bird catches the worm and has been very busy for the past several days in closing several very important football dates. Boys' High will play eight football games in the season of 1922, half of them will be played in Atlanta.

The schedule follows:

October 7, LaGrange High at LaGrange.

October 13, Gordon School at Atlanta.

October 20, Gordon Institute at Atlanta.

October 27, Rome High at Rome.

November 3, C. A. A. at Atlanta.

November 11, Riverside Military Academy at Gainesville.

November 18, Charleston High at Charleston, S. C.

December 2, Tech High at Grant Field.

New Opponent.

Looking over the above schedule it will be seen that Boys' High takes on a brand new prep team in the Charleston High team of Charleston, S. C., just before the "High Game."

The schedule maker for Boys' High placed Tech High last on the list, and not a bad idea, either for a prep football team in Atlanta would not be complete without Tech High and Boys' High finishing up the season on Grant Field.

Another interesting feature of the Boys' High schedule is the fact that prep football fans will have an opportunity of seeing the Gordon Institute team here. Boys' High played the Gordon team in Barnesville last season.

In making up the Boys' High schedule the strong Riverside Military team was not overlooked. This game has always been a close rival to the Tech High and no matter where the game is played there will always be a throng on hand to witness it.

The prospects for a Boys' High team of 1922 look exceptionally bright at the present. Boys' High will be coached by two of the best known coaches in football, Coach Winkler, with the team last season will again be on hand. He took the coaching reins over last season and finished the season but this year he will be again on the job.

William Bill Fincher, of Georgia Tech, and of all-American fame, will also coach the Boys' High eleven for 1922. "Bill" is at present teaching at Boys' High and will be on hand in September to lend a hand in the training of the Boys' High football team. His work as a coach need no comment, for his record will stand for itself.

The personnel of the candidates has not been made public but word comes from Boys' High that the Purple and White team will be well represented on the gridiron for 1922. Many of the old men will be returned with a flock of new men to pick from. The team last year was not the best prep team in the state, but one that showed promise, because of the large number of new men making a first attempt at football.

### GORDON WINS

### FROM RIVERSIDE

Barnesville, Ga., April 27.—(Special.)—Gordon won from Riverside again today by the score of 7 to 2. There is always a good game when Gordon and Riverside meet, and today was no exception. The fielding feature went to Gordon's little second baseman, Pinkston, who grabbed them all over the field, accepting them chances without a blemish, and some of them labeled hits. Wade and Buchanan, of Gordon, also did some pretty fielding. This was Gordon's tenth win in eleven games. Wilson, of Riverside, S. Alfond Pinkston, Miller, of Gordon, each secured three hits. Marsh, of Riverside, Lawrence, Miller and Buchanan, of Gordon, secured two hits each.

**Score:**  
Riverside .. 2 6 3  
Gordon .. 7 9 1  
Batteries—Gordon and Clyatt; Wilson and Lawrence.

South American ant bears have been imported into the state of Washington by fruit and vegetable growers to keep down the various insects that infest this region.

THERE IS NO intention of being unduly mysterious over any sort of a proposition but there are several things brewing anent the Atlanta Crackers that is going to please the Atlanta fans no end. "Proxy" Spiller is going to have a winner in Atlanta if it takes the last rock in his pile, and the fans can bet their last blue chip on this. Some of these days the local followers of the game are going to hear news that will not only please them immensely, but it will also stand the Southern Association of Baseball Clubs on their several feet.

Item One.—We do not feel that we are violating any confidence when we say that Atlanta is going to have some new pitchers.

Item Two.—There is going to be an earthquake.

Item Three.—Several old familiar faces are going to be missing after the coming steps.

**LEW TENDLER'S** manager is on his way to New York with a proposition to Benny Leonard. He wants to fight Ben for nothing at all proceeds to go to charity. Looks as if he is losing his keenness for the scrap.

**HARRY GREB** and Gene Tunney on May 26th. Maybe in Madison Square, maybe elsewhere. It is thought that Harry will hold forth for an open air arena for the battle. Wise boy—Harry.

**Incomplete Rhymes.**  
A wise guy who knew the ball game, Rose up and declared it a shame, That the Crackers of late Had just dropped eight straight.

The boob blew in from the sticks, And said, "You're a bunch of big hicks 'Cause if you're at a loss To see that double-cross—"

**ABOUT THAT** Tim O'Dowd-Pal Moore fight. The mystic runes read that the Y. M. C. A. will open their season on Saturday afternoon. Sixteen teams will compete for baseball honors among the Sunday schools this season, and all teams have been practicing hard for the past two weeks and some very interesting games are anticipated.

The Sunday School leagues are purely amateur, any person having received compensation for taking part in athletics is barred from competing under the banner of the S. S. A. A. Schedule for Saturday:

### National League

Pep Class vs. Wesley Memorial, southwest Piedmont, 4:15 p. m.  
Agona Feds vs. St. Luke's Episcopal, southwest Piedmont, 2 p. m.  
Belwood Baptist vs. Central Baptist, Driving Club, 2 p. m.

### Atlanta League

Wesley Memorial vs. F. E. F. Class, Grant park, 4:15 p. m.  
Georgia Baptist, Home vs. First Presbyterian, Grant park, 2 p. m.

### American League

Gordon Street Presbyterian vs. Druid Hills Baptist, Driving Club, 4:15 p. m.  
West End Presbyterian vs. Harris Street Presbyterian, northwest Piedmont, 4:15 p. m.  
Capitol View Baptist vs. First Presbyterian, northwest Piedmont, 2 p. m.

### THE OBJECT OF THE Roughtown

Amateur Athletic Union, to establish interest in sports, to build up a team. The home town team swiped a franchise in the Boots League and Gink Street was touched for four runs which brought the total up to six. Smith, at second, played a good game.

### HE TOOK money from every team

and often gave two decisions for the price of one.

**HE WAS VERY** generous that night. Tech Club was Gink's closest enemy. He hired a team of Conan Doyle's spook athletes to defeat his home outfit. It was a bitter blow to the City League, and some of the players clattered in and eleven of Conan's playmates clattered out.

### THEY CLATTERED

noisily on Herpicide boulevard, following a horrible roar of silent music by the spook band. When they took the field all eyes could see of them was little nuddles of dust. When the Captain Spook ran the bases, Gink would throw the ball after a cloud of dust and the City League lines, but there was nothing to tag.

**ROUGHTOWN WAS** winning from the collection of fielders and cinders when Conan had a bright idea.

### TWELVE ERRORS LOSE

### FOR FORTIFIED HILLS

In a rather slow but interesting game at Conkey park Wednesday the fast Capitol View team took the Fortified Hills team into camp by the score of 12 to 6. Fortified Hills had

### May Be Right Now

Wormoth's performance in Memphis Tuesday is certainly encouraging to home slabs hopes. If Cy can kick in with a few games like that, much of the pitching burden will be relieved. Beating the hard-hitting Chicks on five hits is no minor accomplishment.

Larry Doyle had several chances to drive Cy Wormoth, but he been inclined. But knowing baseball and its players like few men in the minors know them, the former Giant kept his cards faced toward him on the table. Kid Elberfeld sought to obtain the big southpaw either by trade or sale shortly after the Travelers had slugged him from the box. But Doyle was deaf to his offers and, as a result, he is still a Vol. And will likely be until the end of the season.

Ground soapstone is used to some extent in foundry facings, as a lubricant, as a dressing agent in making prepared roofing, in low-grade paints and for a few other minor uses.

NEW YORK, April 28.—While Jack Dempsey and the resplendent Jack Kearns are shopping about Europe for bargains in baronial castles and cut rates on souvenir trenches, here is an order of cold, unsalted information for the sustenance of the American fight fan who has been unkind enough to burden those tourists with an income tax.

**SINCE 1915** America has paid roughly \$2,500,000 to see 32 rounds of heavyweight championship fighting, or, very roughly, \$80,000 a round. In addition America has skinned from the bankroll perhaps a million, perhaps more, as admissions to Willard's circus and Dempsey's vaudeville, for movies of their fights and their Hollywood heroisms and as royalties which they collected because of their tenure of the title.

**DEMPSEY REALLY** did some slugging for his share. Willard's successful defense of the title was his 10-round job of shoving old Frank Moran about the Garden ring one night in the spring of '16. The next time he appeared in a sketch entitled "The Tumbling Ton" at Toledo.

**DEMPSEY HAS** fought Billy Miske, Bill Brennan and Georges Carpentier, a total of 19 rounds, and scored three knockouts. His articles for those fights called for a possible total of 37 rounds. And he is now looking for more work in his line.

**WHENEVER BOXERS** mentioned the word "scrap" to Willard he straddled his steed and galloped back into the sideway to join his professional colleagues.

### FULTON HIGH

### WINS 8 TO 4

BY FRED HANEY.

Fulton High defeated Commercial High yesterday afternoon on the latter's diamond by the score of 8 to 4, in the first game of the Co-ed baseball league schedule. The league is composed of four teams, Fulton Commercial, Marietta and College Park.

The game was interesting and very close until the sixth inning, when Fulton showed four runs across the plate thereby putting the game on ice. Carroll in left field for the winners, was the hitting light of the afternoon, getting two triples, a double and a single out of five trips to the plate. His hitting won for Fulton.

Gay pitched a great game for the White Sox, and was given good support. Snipes, Fulton's third-sacker, handled several hard chances without a blemish. Moore caught a good game for the

## NEW ORLEANS CRACKERS WIN 14 TO 3

## Pels Garner Twenty-three Hits From Atlanta Pitching For Seventh Straight Win

Bogart and Ritter Clout Home Runs and Tucker's Triple With the Bases Loaded in Seventh Features Game.

BY MIKE THOMAS.

The Atlanta Crackers went down to defeat before the willow mauls of the New Orleans Pelicans at Ponce park yesterday afternoon by the score of 14 to 3. The game was featured by the consistent hitting of the Pels, who treated the offerings of the Atlanta pitchers without favor and slammed them to all parts of the park.

The opening gun in the Pelican attack was Eddie Bogart, who slashed a ball through the infield so fast that it would have been suicide pounce and simple for a Cracker infielder to have attempted to field it. This opening hit went for a home run. From this time on there was little left-up in the Pelican attack, and in only two innings did the Birds fail to score, the sixth and ninth. It seemed to be anxiety, or the offerings of Cyrus Burger who stopped them the ninth, because they went out in one, two, three order.

After Bogart's home run had been relayed back to the pitcher's box, Gilbert singled to left. Henry laid down a sacrifice and went out. Tucker went out striding, Hariden to Ellam and Foss popped to Bernsen. Guyon, first up for the Crackers, walked and stole second on a delayed steal. Graft hit to Smith, who threw to Foss at third and Guyon was out. Mayer fanned and Bernsen popped to Knaupp.

Knaupp was thrown out, Ellam singled through the box. Pond singled to Marshall to Ellam to Bernsen. Smith was safe at second. Miljus singled to left and Smith scored. Bogart popped to Bernsen.

Ritter Hits Homer. Holden went out, Knaupp to Henry, in the Cracker's half. Ritter hit a home run to center. Ellam popped to Foss. Smith singled to right. Knaupp and Foss went to third and Smith scored. Pond ended the agony by striking out.

Knaupp tossed Guyon out at first in the Cracker's half. Guyon walked. Mayer worked the pitcher for four ones. Bernsen hit into a double play. Knaupp to Smith to Henry. Williamson went in to pitch for Atlanta at the beginning of the fourth session. Miljus beat out a slow roller to Graft. Bogart flied out to Guyon. Miljus stole second and Gilbert doubled to left. Knaupp and Tucker went out, Ellam to Bernsen.

The Pels kept it up in the fifth. Foss walked and Knaupp tripled to right. Foss scoring. Smith hit a hot one to Graft who tagged Knaupp off third. Smith was caught napping off first. Williamson to Bernsen to Ellam. Pond beat out an infield roller and Miljus flied out to Guyon.

Atlanta also scored in the fifth. Williamson fanned and Guyon doubled to left, scoring on Graft's single to right. Mayer forced Graft at second and Bernsen fouled out to Henry. In the seventh inning Foss grounded out. Knaupp singled to left. Smith doubled to left. Knaupp singled third. Pond singled to left, scored to left and Bogart singled to right. Knaupp and Smith. Miljus right field, scoring. Pond. Gilbert forced Miljus at third. Williamson to Graft. Henry beat out a hit down the third base line, filling the bases and then Tucker crashed out a triple and was caught trying to make the circuit.

Bogart went in for Atlanta to begin the eighth.

Knaupp singled through second and Smith singled to center. Pond singled to right, scoring Knaupp. Pond took second and Miljus hit to Graft and was out at first and Smith was out at plate. Mayer and Bernsen pounded out to Henry unassisted and Holden flied out to Tucker.

The Crackers scored in the ninth. Ritter hit to center and scored on Ellam's triple. Hariden went out, Miljus to Henry and Barger went out the same way.

## HARDING JOINS SCRIBES' GOLF CLUB

Washington, April 27.—The Washington Newspaper Golf Club, recently organized by golf-playing correspondents in the capital, today received a formal application for membership from Warren G. Harding.

Enclosed with the application were three new \$1 bills in payment of club dues for as many years.

"I send this amount," Golfer Harding wrote, "in order to have a clear certificate and a closed account for the three years I have yet to serve."

"And I hope," he added, "to be able to show some of the younger fellows how to make a good score."

In answer to the question on the application blank as to what clubs the applicant belonged to, Mr. Harding wrote:

"Probably all of them."

## VANDERBILT EVENS SERIES

Macon, Ga., April 27.—(Special.) "Slim" Embry, knocked out of the box yesterday, came back today and

beat the Mercer men at this mercy

throughout the contest. The Commodores winning by a score of 5 to 2.

It was a case of too much Embry today, just as it was in the case of too much Stone yesterday.

The Crackers could not strike out seven men, but he kept the five hits well

controlled, and in one inning, the third, was he in any danger.

Allie Thompson, Mercer's southpaw, who has been twirling with remarkable

success this season, had an off day. He was forced to retire at the

close of the third inning, after Vanderbilt had won the game. Stone, who

won the game the day before, relieved him and pitched steady ball the rest

of the way.

Merced Threatens. In the third inning it looked rather gloomy for the visitors. In fact, the

local fans looked for the score to be tied, for the bases were filled with no

outs. Hamcock drove off the ball to short and a runner was clean off at the

plate. Wilkes, the next man up, was hit by the pitcher, and Mercer's first

run was forced across the plate. The next two men were easy victims, one

being fanned. No such opportunity to

gather a bunch of runs loomed up for Mercer again during the contest. The

by settled down and pitched a phenomenal game the rest of the way.

Another big crowd was out for this afternoon's contest. Vanderbilt left

tonight for Athens to play the University of Georgia, while Rollins college comes here tomorrow for a series

with Mercer.

## Crackers Crowding Cellar Position Spiller Says He Has Help Coming

BY CLIFF WHEATLEY

The Crackers this morning are just a few points from last position in the standing of clubs in the Southern league, but help is coming, President R. J. Spiller told this correspondent last night.

What the package he is looking for will contain, when it is covered out, the Cracker mogul asserting that he had learned not to count his biddies until Judge Landis gave him the necessary permission.

He admitted, however, that pitchers galore would be in the collection. Two from one club in the American league, and a single moundman from another outfit in the younger major organization, while two hurlers of the National league had been offered.

He denied the rumor emphatically that the Atlanta club had no big league connection, stating that he had written assurance from several owners, just as it was the case of the Vanderbilt pitcher not only struck out seven men, but he kept the five hits well

controlled, and in one inning, the third, was he in any danger.

Since Mr. Spiller took charge of the local baseball situation, this writer has been brought into fairly close touch with him. We have learned that Spiller's whole idea is not to use the Atlanta franchise as a method of bleeding the public.

Mr. Spiller is a good business man. Of course, he is or he never would have made the money necessary to purchase the majority of stock in the local association. He knows the success of a venture depends absolutely on the caliber of the team he puts on the field. Mr. Spiller realizes that people have to eat and people have to sleep, but there is no law that compels them to go to a ball game if they want to stay at home.

Baseball happens to be Spiller's business, just as you are just as we have ours. It also happens to be his hobby and men usually spend every cent they can spare on their hobbies. He is yet a novice in the tricks and trading of baseball, but he has what most minor league presidents don't possess, a pocket-book which will admit of much digging into before its contents are exhausted.

He has made some mistakes, but the Atlanta fans should be thankful in knowing that he has realized them, that he is going out after players now and that he is not content with suffering in existence, but is well filled with the spirit of the game.

THE WHOLE TRUBLE IS IN PUTTING. No matter the opinion you hold concerning the Atlanta team in general, you probably are willing to grant that the Cracker pitchers have been

responsible for failure of the machine to function.

We stated at the start of the campaign that the present Atlanta club could win games in the Southern league. At that time the pitchers were showing up brilliantly. There were no sore arms and all possessed ample confidence in their ability to twirl in Class A company.

The collapse has wrecked the pitching morale. The poor quality displayed by the hurlers has seriously affected the rest of the team and the situation, until Spiller's new pitchers arrive, is bad.

Atlanta moundsmen have been given enough runs to win in any league. The average is right around five and the ordinary pitcher asks is three.

The season is very young. The victors and defeat are still far apart in the final standing, but there is no real reason for giving up. Many more games remain to be played and many of them will be won if Spiller's threat of a general house-cleaning is carried out.

LOCAL TRACK GIVEN CHAMPIONSHIP RACE.

Lovers of motorcycle racing in Atlanta—and the number will rival auto racing—will be interested in the automobile speed enthusiasts—are in for a real treat May 20, when the first of several programs will be pulled off at the Lakeside track.

This department was notified yesterday by officials arranging the meet of information from national headquarters that the 10-mile solo championship and the 5-mile sidecar championship had been awarded this city. An already large entry list should receive many more nominations immediately, as these are real rewards for the fortunate contestants.

It will probably mean that these titles at least will belong below the well-known list for the year, as most of the entries received to date are from riders hailing from Georgia, Florida, Alabama and Tennessee.

With such riders as Nemo Lancaster, Harry Glenn and others entered, the prospect is bright indeed for Atlanta winning both championships. Gene Walker, the Birmingham dare-devil, is another southerner who has entered. He is holder of the mile record made last year at Toledo, has announced his candidacy for Atlanta winning both championships. Gene Walker, the Birmingham dare-devil, is another southerner who has entered. He is holder of the mile record made last year at Toledo, has announced his candidacy for Atlanta winning both championships.

With due respect to the "Old Marster," Harry Glenn, long Atlanta's idol in motorcycle racing, it seems to be about time for his marks to go under the wheels Nemo Lancaster will send around the tracks this summer.

Senators Beat Athletics.

Washington, April 27.—Washington defeated Philadelphia today, 9 to 3, in a game postponed from last week. The locals settled the issue with five runs in the second inning when Moore was removed on account of wildness. Both Zachery and Courtney failed to last against the visitors, but Erickson allowed only two hits in his last five innings.

Score by innings: R. H. E. Philadelphia. 011 000 000—3 8 3 Washington. 050 000 220—9 9 0

Batteries—Horton, Faber and Schalk; Uhle, Morton, Keefe and Nunamaker.

## WOMEN ATHLETES TO TAKE PART IN OLYMPIC

New York, April 27.—Women athletes are likely to play a prominent part in the 1928 Olympic games at Amsterdam, through the suggestion that the International Amateur Athletic Federation assumes control of world athletics for women as it has just extended its affiliations and jurisdiction over men's competition in every country in the world where there is any semblance of standardization.

Since the I. A. A. F., through its national position largely influences the policies and decisions of the official Olympic committee, it would be a short road for women to travel in gaining prominence or "equality" in the Olympics by obtaining the sanction and submitting to the control of the I. A. A. F.

The track squads from the far western schools, Redlands and Occidental college, of California, got into their track togs soon after their arrival and flexed their muscles in sprints around the cinders at Franklin. Coach A. A. Stagg of the University of Chicago, brought the fine Chicago quarters mile relay of McFarland, Brickman, Jones and Poynt, and other squads arrived from Notre Dame, Michigan, Harvard, Navy, Princeton, Yale, Washington and Jefferson, Kansas, Missouri, Georgia, Penn State and numerous other colleges and minor schools.

The big events of the opening day will be the Pentathlon championship, the two-mile run and the quarter mile relay race. Captain Harry Legendre, of Georgetown, winner of last year's pentathlon event is expected to win again and has been spoken of as the possible winner of all five events, as Howard Berry was five years ago.

To duplicate the feat of Berry, Legendre probably would have to set

performers is so high that the collapse of some world's records is expected. For he will be opposed to Reinhardt, of Muhlenberg college, a lad from Allentown, Pa., who not only wins events for, but coaches his own teams; Clapp, the general track and field star of the navy; Betzer of Delaware; Dunne of Michigan; West of Washington, and Jefferson and Bradley from the University of Kansas.

Penn Not Entered.

Penn will not be entered on the Pentathlon, the first time since the all-around event was introduced that the university has failed to compete in this number

# FASCINATING DOUBLE BILL WINS WARM APPLAUSE FROM LARGE AND BRILLIANT MATINEE AUDIENCE ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ SOCIAL ACTIVITIES CENTER AT DRIVING CLUB DINNER-DANCE

## Beautiful Atlantans at Yesterday's Opera

Beautiful members of Atlanta society who graced the opera yesterday. From left to right: Miss Alice Orme, Miss Jennie Robinson, and Miss Wilmette Perdue. Miss Orme's picture by Walton Reeves, Miss Robinson's by Hirschberg, and Miss Perdue's by the Misses Mead.

### Gay Colors Feature Afternoon Costumes

The Countess Susanna in Wolf Ferrari's opera presented yesterday matinee was not the lovely Lucrezia Bori's first role this week, although it was the first announced on the week's official calendar. The vast matinee audience almost missed her among the groups of artists in the audience applauding their conferees, because they remembered how winsome she looked at Tuesday matinee, as she leaned out from a box in her smart white sport suit and greeted her acquaintances that lingered to chat. "Susanna" was not such a very different type—the pretty countess with her "deep, dark secret" and her Mozartian phrases, illuminated by April contrast of smiles and tears, and her "claque" was the whole audience, sold to her beauty off stage beforehand, as well as her former successes here.

Bori was adorable in her costume of white satin, the skirt banded in black velvet, while the bodice was tight fitting and finished with a round neck. Her hair was bound with a band of black velvet and small pink roses.

Even a prima donna could not dispute the laurels of Antonio Scotti, however, and the late and distracted lover-husband must have discerned in the plaudits that greeted him not only the appreciation his artistry could not fail of, but mixed with it an affectionate sort of regard like nothing so much as that which an audience visits upon "home talent" (with apologies to this paramount artist of the Metropolitan group).

#### Pagliacci Follows.

Leoncavallo's tragic *Pagliacci* in two acts followed. This opera has always appealed to Atlanta and was greeted with appreciation by the large and interested audience. The following favorites were cast for this opera: Claudia Muzio, Manuel Salazar, Giuseppe de Luca, Angelo Bada and Vincenzo Reschiglian; conductor, Giuseppe Bambergh.

Claudia Muzio measured up to the standard she has always set in the beauty and quality of her voice, which operagoers in the south extravagantly admire. De Luca, who sang the prologue, was in excellent voice, while Bada was the splendidly portrayed harlequin. Vincenzo Reschiglian, the notable baritone of the Metropolitan, has sung the part of Silvio, the rich young villager who stole Nedda, three times in Atlanta. Salazar, as the heart-broken Canio, whose tenor voice was convincing and sincere.

#### BRIGHT COLORS OF COSTUMES

Ordinarily one would not think of a matinee house as brilliant, but the matinee house of Thursday, like that of Tuesday, lacked nothing of the brilliancy of the night performance except perhaps that the "jeweled horse shoe" at the matinee does not wear its jewels. The vogue of bright color in the costumes of the women, revived against those of more neutral hue which some well-gowned women always prefer, and the animation of the big house, still festive after four hard days of music and entertainment, provided real elements of social and spectacular resplendence.

In these audiences throughout the week, it has been inevitable to single out for special admiration individual women outstanding in that pose which counts so largely in distinguishing one woman in a great gathering, and that beauty, which is only equally, but not more essential.

Of those there would come to mind at once, Mrs. John D. Little, who was distinguished looking even in such

a concourse of lovely women. Her costume on Wednesday night was enhanced in effectiveness by her jewels. Mrs. Robert F. Madison, who had selected on the same evening a diaphanous black gown was a lovely figure, and Mrs. John W. Grant's blond beauty shined in petunia color a becoming setting.

Mrs. Edward H. Inman has been constantly singled out for the individuality of her costumes as well as her own charm. Mrs. Ulrie S. Atkinson is one of the most strikingly handsome women, who loves music enough to attend all the performances.

Mrs. John M. Slaton is one of the statuesque beauties gracing the crescent of box parties, and Mrs. Bates Block is one of the lovely young matrons.

Mrs. Albert E. Thornton, Jr., is one of the beauties of the horse shoe, and Mrs. Dozier Lowndes is noted always for the smartness of her attire.

Mrs. Troup Howard, recently moved to Savannah, is being cordially wel-

comed back to Atlanta for the gaiety of opera week. Mrs. Wm. Bailey Lamar of Thomasville is one of the most popular figures as well as one of the handsomest women at opera. Mrs. Walter G. Mitchell's guest, Mrs. Archibald McNeill of Bridgeport is a toast of the social life with her pretty hostess.

#### MRS. HOFMANN IS COMING

Henry L. DeGivie entertaining for opera Mr. and Mrs. Stuart Cramer of Charlotte, their box a happy social center between acts, will increase their house party for the week-end, when Mrs. Josef Hofmann, wife of the great pianist, will arrive from Aiken with her attractive school girl daughter, Josefa, to enjoy the final group in the opera repertory and will bring with them Miss Pauline DeGivie, one of the most winsome members of the Atlanta's school girl set.

Mrs. Garnett Andrews and Mrs. James B. Shaw of Chattanooga, arriving yesterday at the Georgian Terrace have been added to the long list of interesting visitors, and will be much feted by their friends here. Mrs. George Lancaster, also prominent in Chattanooga, arrived yesterday to visit Mrs. Frank Owens.

Mrs. Henry Upson Sims of Birmingham is one of the most admired of the visiting women. She was particularly lovely Wednesday night in a sunset pink satin gown draped with tulle the same color. Joining Mr. and Mrs. Sims for the latter half of the week of opera are Mr. and Mrs. Henry Bradshaw of Birmingham and Mrs. Bradshaw at "Lorley" were a becoming gown of white brocade and silver cloth.

Mr. and Mrs. Edward Dougherty of Nashville, Tennessee, formerly of Atlanta, are being welcomed back to Atlanta, where they are spending the week at the Imperial Hotel, as the guests of Mr. and Mrs. Victor Allen of Buford.

### Mr. and Mrs. White Honor Musicians Of Opera Company

A delightful occasion of Thursday evening was entertainment in honor of the orchestra of the Metropolitan Opera company, given by Mr. and Mrs. W. Woods White at their home on Howard street.

A profusion of garden flowers was used in the decoration of the reception rooms. Pink roses in vases and baskets adorned the library. The table in the dining room was graced with a large basket of pink sweet peas and rose buds.

Mrs. White was handsomely gowned in black beaded chiffon.

### Box Parties Thursday

The double bill at the Wednesday opera matinee, "Il Segreto de Susanna" and "Pagliacci," drew one of the largest and most fashionable audiences of the week. Smartly gowned women were seated in the boxes and arena and during the intermissions the audience promenade in the aisles and past the boxes.

#### BOX PARTIES.

Mr. and Mrs. Victor Lamar Smith entertained United States Director of Railroads James Cox Davis and Mrs. Davis and Mrs. Alex Smith.

Mrs. Gordon Kiser, Mrs. Inman Sanders, Mrs. Ulric Atkinson and Mrs. Robert Shedden were entertained by Captain James W. English. Colonel and Mrs. William Lawson Peel entertained in compliment to their guests, Mr. and Mrs. Wilbur Hubbard, of Baltimore, Md. Completing the party were a group of distinguished artists.

Mrs. H. M. Atkinson had in her box Mrs. Stacy Ernest Hill, Miss Alexander and a group of opera stars.

Mrs. John W. Grant's guests were Mrs. Richard Wilmer, of Washington, D. C.; Mrs. Winship Nunnally, Mrs. Ewell Gay and Mrs. William Grant.

Mrs. Milton Dargan had as her guests Mrs. J. S. Rhodes, Mrs. Eugenia Speer Westmoreland and Miss Jennie Dargan.

Mr. and Mrs. Henry Heinz entertained a group of friends.

Mrs. John S. Cohen, Mrs. Mary Lowry Clarke, Mrs. Bates Block, Mrs. Rufus Clarke and Mrs. McPheeters were together.

Seen in a box were Mr. and Mrs. H. H. Cabiness, Miss Mildred Cabiness, Mrs. Walter Maude, Mrs. Lee Douglas and Mrs. Willie Martin Hurt.

Mr. and Mrs. S. C. Dobbs had as their guests their daughter, Mrs. Lynn F. Howard, and Mrs. Walter Candler.

Mr. and Mrs. George Caldwell Speir had as their guests Mrs. Carolyn L. Dinkler, Miss Edgarda Horton and Mr. H. Wilbur Orr, of New York.

In Mrs. Henry DeGivie's box were her guests, Mr. and Mrs. Stuart Cramer, of Charlotte, N. C., and Washington, D. C.; Mrs. Charles Conklin, Mrs. Frank Inman, Mrs. Howard Bucknell and Dr. William Gilmore Perry.

Mr. and Mrs. William Bailey Lamar had as their guests Mrs. W. W. Banks and Mrs. J. B. Hockaday.

Mrs. Jack J. Spalding had as her guests Mrs. William Robinson Brown, of Berlin, N. H.; Mrs. John L. Holmes and Mrs. Hammond Johnson, of Athens.

Mrs. Walter Mitchell had in her box her guest, Mrs. Archibald McNeill, of Bridgeport, Conn., and Palm Beach, Fla.; Mrs. W. C. Jarnagin, Mrs. Chauncey Smith and Mrs. Troupe Howard.

Mrs. J. D. Rhodes, Mrs. Harry Stearns, Miss Wilmette Perdue, Miss Alice Stearns and little Josephine Crawford were together.

Mr. and Mrs. Victor Lamar Smith had as their guests their visitor, Mrs. James Cox Davis, of Washington, D. C., and Mrs. Theodore Smith.

Mr. and Mrs. William A. Speer had with them a group of out-of-town guests.

Mrs. E. A. Thornton, Jr., Mrs. E. S. McCandless, Mrs. Edward Inman and Miss Addie Wheeler were together.

### Capital City Dinner-Dance Follows Opera Matinee

Opera stars, distinguished visitors, and many prominent Atlantans assembled at the Capital City club Thursday evening for one of the dinners-dances which are annual events at the Capital City club following the Grand Opera matinee.

Brilliance of sequins and jewels and vividness of color in the costumes

and Mrs. Victor Allen, and will remain with them through opera week. Signor Paolo Annunzio, a friend of Mr. Dougherty's during his long residence abroad, was a distinguished member of the Metropolitan Opera company who was present.

#### Tennessee Visitors.

Mr. and Mrs. Victor Allen, of Buford, entertained Mr. and Mrs. Edward Dougherty, of Nashville, Tenn., Major and Mrs. A. L. Pendleton, Jr., Signor Paolo Annunzio and Benjamin Lumpkin.

Mr. and Mrs. Bona Allen, of Buford, entertained Miss Mary Allen and Mr. and Mrs. J. Pennino, of Cuba.

Mr. and Mrs. J. C. Baldwin, Jr., had as their guests, Mr. and Mrs. Livingston Wright, Mr. and Mrs. Carl Lewis, Miss Mary Lynn Simms, of Lake City, Ark., Capt. John L. Awtry and Walter Sturdivant.

#### Dining Together.

A congenial party dining together were Mr. and Mrs. C. M. Seiple, Mr. and Mrs. Clarence Knowles, Mr. and Mrs. Milton Dargan, Jr., Mr. and Mrs. James T. Williams, Mr. and Mrs. Fred Rawlings, Mr. and Mrs. L. F. Giblin.

Mr. and Mrs. Ralph Smith, Mr. and Mrs. Walter Maude, Mr. and Mrs. Rogers Winter and Mr. and Mrs. Russell Bridges formed a congenial party.

#### Rogers Party.

# Opera Principals Act as Hosts at Terrace Tea-Dance

## Stars Have Lots of Fun Entertaining Friends

The artists of the Metropolitan Opera company who entertained at the tea-dance yesterday were as happy as children with their own tea sets, the holiday spirit of the end of the season and southern sojourn, seeming this year to give extra zest to their diversions as well as their singing.

Companions among them was Miss Rosa Fosselle, who having made her one appearance of the season in opera, is taking life easy to recuperate from an illness, the fact of which made still more remarkable her very morning and brilliant singing on Monday of "Elvira."

Some of the opera principals included groups of their Atlanta friends with their fellow artists. Others made their parties all-Metropolitan, and all were typically "tourists" in their smart summer outdoor attire.

**Dancing in Lounge.**

The click of cameras sounded above the chatter over the tea cups, and even after dark, the explosion of flash lights told of the enterprise of newspaper photographers who were in for intimate pictures of celebrities in their hours of ease. Between sandwiches, there was dancing to the music of a large orchestra in the lounge.

Of the Atlanta entertainers, an interesting group was assembled by Mrs. William T. Healey to meet her guests, Mrs. Heber Votaw, of Washington. The guest list included, Mrs. P. H. Mortimer, of Washington, D. C.; Mrs. Frank Inman and her guests, Mrs. Hightower and Miss Matthews, of Thompson; Mrs. Charles Conklin, Mrs. Stacey Hill, Mrs. Gordon Kiser, Mrs. Robert Shedd, Mrs. Henry DeGue and her guest, Mrs. Stewart Craner, of Charlotte, N. C.; and Washington, D. C.: Mrs. William Hill, Mrs. Howard Bucknell and Mrs. Charles Northern.

Miss Mary Janet Smith, of Mobile, was the pretty debutante center of Mrs. Benjamin F. Parker's party. Covers were placed for Alice Miriam and Miss Marion Tava, members of the Metropolitan Opera company, and Miss Natalie Hammond.

Miss Harriet McCullough, Miss Laura Cole, Miss Agnes Rhoad, of Athens, Scott, Mrs. Lillie May Jenkins, Miss Mary Kelley and Mrs. Gene Hatcher.

For Mrs. Langston, Mrs. George W. Walker assembled

an attractive group of young matrons to meet Mrs. Wade Langston of New York.

Mrs. Albert Dunson's party was a compliment to her sister, Mrs. J. S. White, of Greenville.

Miss Sue Bucknell was hostess in a gay party of young people.

Miss Celeste Dunson and Miss Allie Abraham entertained a group of the sub deb set.

Mrs. Arthur Deveney was hostess at a party in compliment to Mrs. William L. Haas, of Alexandria, La., the guest of Mrs. Franklin Mikell. Covers were laid for Mrs. Haas, Mrs. Mikell, Mrs. Anna Badham, Mrs. Pinta DeBuhl, Mrs. George Grandall, Mrs. Claggett, of Fort McPherson, and her guest, Miss Claggett, of New York city.

**To Havana Visitors.**

Mr. and Mrs. Bona Allen, Jr., of Buford, entertained in compliment to Mrs. Josephine Kinzel, of Philadelphia. Completing the party were Mrs. John Allen and Miss Mary Allen, of Buford.

Mrs. W. W. Austell entertained Mrs. Howell Gray, of Dallas, Tex.; Mrs. Estes, of St. Augustine; Mrs. E. Rivera, Mrs. Guy Ayres and Mrs. Asa O'Brien, of Philadelphia. Mrs. William Henry, Mrs. Arthur Flowers, Miss Mary Bowen, Miss Helen Morris, Mrs. John Morris, Jr., Mrs. Lucius McConnell and Miss Mary Morris.

Mrs. W. C. Lisle entertained Mrs. Thomas W. Hardwick, Mrs. W. W. Banks, Mrs. Arthur Powell, Mrs. Peck, Mrs. Howard Holden, Mrs. S. W. Wiesburg, and Mrs. C. F. Palmer.

Mrs. Fairfax Montague had as her guests Mrs. F. H. Reid, Mrs. Kendig, and Mrs. W. L. Stanley.

Mrs. Houghton Turner, of Greenville, S. C., who is spending opera week at the Wincoff hotel, entertained at the tea-dance in honor of Miss Lucile Gillis, of Charlotte, N. C., the opera guest of Mrs. T. T. Stevens.

Mrs. Olden Byrd's guests included Miss Nell McNutt, Miss Jeanie Klutz, of Salisbury, N. C.; Miss Caroline Belcher, of Merryville, Tenn.; and Miss Murrell Sands, of Peck. Mrs. Dinkler entertained Mrs. Ben Ragsdale, Mrs. David T. Bussey, Miss Edwilda Horton and Mrs. George Caldwell Speir.

meetings and other causes but Mrs. Irving S. Thomas, chairman of the Women's Division, hopes that the women will rally to this last call.

Calls are being made daily on the Salvation Army for help and the demands this year have been so great that last year's budget is already exhausted and the Army is without funds.

"Let's not disappoint these men and women who are spending their lives in service for others," said Mrs. Thomas. "They are taking your place and my place in ministering personally to the needy ones of the community. The least we can do is to help them with what money we can give."

"I believe that the women are willing to give, and that the smallness of the receipts up to date in the campaign is only a temporary setback."

## Many Visitors Are Here For Grand Opera

Among the visitors in Atlanta attending grand opera are: Mrs. E. L. Thomas, Mrs. Morris Deitch, Miss Ira Ault, Miss Mary Martha Moss, Miss Paul Miller, Mrs. B. A. Tripp, Miss Laura Tittsworth and Miss Charlotte Tittsworth, of Brenau college; Mrs. Thomas Reese Price, Mrs. Benjamin Orr, Miss Mary Rambo, Miss Janie Rambo, Mrs. John Ogden, Mr. John Richards, Jr., Mrs. John Richards and daughter, Mrs. J. Milton Brandau, Mrs. Collin Burns, Mr. Claxton, Mrs. Howard Cornick and daughter, Evelyn, from Prescott, Ariz.; formerly of Knoxville; Miss Mildred Eager and her house guest, Mrs. Josephine Kinzel, of Philadelphia; Miss Carrie McDonald, Dr. and Mrs. J. Bailey Wray, Mrs. George Selig, Miss Margaret Welles, Mrs. R. H. Sprinkle, Mrs. May Cooley, Mrs. J. M. Erskine, Mrs. Otto Roehl, Mrs. W. W. Carter, Mrs. B. E. L. Mountcastle and daughter, Miss Margaret Mountcastle and Miss Helen Galbreath of Knoxville, Tenn.

paige is due to their being so busy rather than to a lack of generosity. "But take the time to send in your contribution now. The money is needed."

Cheques or written pledges may be sent to Mrs. Rogers Winter, secretary of the Women's Division, 67 Walton street.

## Deckner-Jarrett Wedding of Interest.

The many friends of Miss Mabel Deckner and John E. Jarrett will be pleased to learn of their marriage, which took place at last Tuesday evening, at the home of Rev. S. R. Belk, on East Third street. Relatives and a few intimate friends witnessed the ceremony.

Miss Deckner is the daughter of Carl H. Deckner, prosperous truck farmer of Stewart avenue and a member of an old and well known Fulton county family. Mr. Jarrett was formerly connected with the Barclay & Broad company of this city, but recently became affiliated with Mr. Albert Goette, of Savannah, Ga.

Mr. and Mrs. Jarrett left immediately following the ceremony for Savannah where they will make their home.

## Luncheon at Club For Mrs. McNeill.

An enjoyable affair of Thursday was the luncheon given by Mrs. Walter G. Mitchell at the Capital City club in honor of her guest, Mrs. Archibald McNeill, of Bridgeport, Conn., and Palm Beach, Fla.

Spring flowers adorned the daintily appointed luncheon table. The guests later attended the opera matinee.

## Miss Horton's Picnic For Sunday School.

Miss Edwilda Horton will entertain her Sunday school class of boys and girls of All Saints' church at a picnic Monday at Grant park.

## TODAY'S CALENDAR of SOCIAL EVENTS

"La Traviata" will be the opera sung this evening at the Auditorium.

Tenth street memorial will be unveiled at 9:30 o'clock to the six heroes of the world who were former students of the school.

The officers and directors of the Atlanta Music Festival association will entertain the officers and directors of the Capital City club, the artists and directors of the Metropolitan Opera company at a supper-dance.

Mrs. Chauncey Smith will give a bridge-luncheon for Mrs. Archibald McNeill.

Mrs. Franklin Mikell will give a luncheon at Piedmont Driving club for Mrs. W. B. Haas.

Miss Lella Mae Jenkins will give a bridge party for Miss Gladys Holzdorff.

Mrs. T. J. Lewis will give a luncheon at the Piedmont Driving club.

Mrs. James R. Holliday will entertain at bridge-luncheon today at her home on Myrtle street for Mrs. Worth Andrews, of Augusta, who is guest of Mrs. Marie Mahoney, for opera.

Mrs. Robert F. Shedd will entertain at luncheon today in compliment to Mrs. William Bailey Lamar, of Thomasville.

Mrs. Russell Bridges and Mrs. C. Guy Ayer will entertain at luncheon today at the Capital City club in honor of several opera visitors.

Mrs. Samuel Cronheim will entertain several opera visitors and their hostesses and a group of friends at tea at the Woman's club this afternoon.

Reception in honor of the fathers given by the Moreland Parent-Teacher association at the school tonight at 8 o'clock.

Miss Estelle Schindler will entertain at a bridge-luncheon for Miss Myrtle Lindsay, one of the Metropolitan opera stars.

Mrs. C. W. Lane will entertain at luncheon today at the Capital City club in compliment to Miss Rosa Posselle.

Madame Lucrezia Bori and other stars of the Metropolitan Grand Opera company will be entertained at the ladies' day luncheon of the Atlanta Alumni club of Phi Delta Theta today.

Mrs. C. J. Lewis will entertain today at a luncheon at the Piedmont Driving club.

Mrs. Edgar Dunlap will be hostess at a beautiful luncheon at the Piedmont Driving club.

Mrs. George Boynton will have a few friends at luncheon Friday at the Piedmont Driving club.

Mrs. Hughes Spalding will entertain at a small luncheon at the Piedmont Driving club.

Mrs. H. P. Nelson will entertain a party of six at luncheon at the Piedmont Driving club, in honor of her sister, Mrs. Leigh Thompson, of Nashville, Tenn., who is her guest.

One of the largest and most important events of today will be the luncheon to be given at the Atlanta Woman's club by Mrs. B. M. Boykin, president of the club, also chairman of the better films committee, and the members of that committee in honor of the delegates to the Southeastern Conference for Bet.

Mrs. T. T. Stevens will entertain this afternoon at the Atlanta Woman's club at a bridge-tea in honor of Mrs. Roland Rowe, of Jacksonville, Fla., and Miss Lucile Gillis, of Charlotte, N. C.

Commander and Mrs. Royal E. Ingersoll, of Washington, D. C., announce the birth of a daughter, April 26. She is the granddaughter of Admiral and Mrs. R. R. Ingersoll, of LaPorte, Ind., and Mr. and Mrs. J. M. W. Harlingen, of Atlanta, Ga.

Mrs. Edward E. Dougherty, of Nashville, Tenn., is among the attractive opera visitors. She was formerly Miss Estel Carson, of Atlanta.

An informal occasion of Thursday was the luncheon given by J. E. Munson, of Cincinnati, who entertained on his private car Mrs. LeRoy Duncan, Mrs. Stacy Earnest Hill, Horace Munson and J. T. Stanford. Mr. Munson returns today to Cincinnati, after attending opera in Atlanta.

Mrs. Jeff Hightower and little daughter, Antoinette, are visiting Mrs. Hayes, the mother of Mrs. Hightower, in Louisville, Ky.

Mrs. W. J. Poter, of Chester, S. C., is the guest of Mrs. George H. Knowles for opera.

## Flint-Williams Wedding Event In Birmingham

Birmingham, Ala., April 28.—(Special.)—A beautiful home wedding celebrated the marriage of Miss Julia Beckman Flint, of Birmingham, Ala., to Linsey Earle Williams, of Atlanta, formerly of Chattanooga, Tenn., on Thursday, April 20, at 4 o'clock at the home of the bride's mother in Charleston, S. C. The ceremony was performed by Dr. Ernest Hunter Wray, of Buffalo, N. Y., a close friend of the groom, assisted by Rev. H. J. Cauten, pastor of Trinity church, Charleston, S. C.

The bride was given in marriage by her father, William H. Flint, and was attended by Miss Florence Flint, sister of the bride, as maid of honor. Misses Willie Foreman, of Chattanooga, Tenn.; Elizabeth Jamison, of Charlotte, N. C.; and Ethel Evans, of Charleston, S. C., as bridesmaids.

The groom was attended by Alan Jordan, of Chattanooga, as best man. The bride was attired in an afternoon gown of white Canton crepe and peignee lace. Her hat was white and she carried a shower of bride's roses and valley lilies. The attendants wore quaint taffeta frocks in rainbow shades and carried colonial bouquets of old fashioned flowers.

The nuptial music was rendered by Miss Ruth Marshall, a cousin of the bride.

After a short trip Mr. and Mrs. Williams will be at home at 719 West Peachtree street, Atlanta.

bounty, he leaves hurriedly for Paris, or rather his honor from this disgrace. During his absence, his father, who has discovered his retreat, arrives and, representing to Violetta that his son's connection with her is not only lowering him in the opinion of the world, but will be ruinous to his family, inasmuch as his sister was betrothed to a wealthy noble, who had, however, declared his intention of renouncing her, unless Alfred would give up Violetta, the generous girl resolves to sacrifice her affections and happiness for her lover's sake, and returns alone to Paris, whither Alfred, overwhelmed with despair when he discovers her flight, follows her. We are then transported to a saloon in the hotel of Flora, one of Violetta's former friends, during a festival given by the fair mistress of the mansion. There Alfred again meets Violetta, now under the protection of the Baron Dauph, and being unaware of the generous notice which made her desert him, he overwhelms her with reproaches, and flings a purse containing money at her feet. In the presence of the company, degraded and heartbroken, the unfortunate Violetta returns home to die; and in the last act we find the sad romance of her life drawing to its close. Alfred, too late, learns the truth, and discovers the artifice she has made to secure his happiness. Penetrated with grief and shame, he hastens with his father, to comfort and console her, and to offer her his hand and name in reparation of the wrong he has done her but too late. The fragile flower, broken on its stem, can never more raise its beautiful head. One gleam of happiness, the brightest that she has known, arising from her lover's assurance of his truth, and his desire to restore her reputation, glides the precious moments of her life, and in a transport of joy her soul suddenly quits its fragile tenement of clay.

After a short trip Mr. and Mrs. Williams will be at home at 719 West Peachtree street, Atlanta.

bounty, he leaves hurriedly for Paris, or rather his honor from this disgrace. During his absence, his father, who has discovered his retreat, arrives and, representing to Violetta that his son's connection with her is not only lowering him in the opinion of the world, but will be ruinous to his family, inasmuch as his sister was betrothed to a wealthy noble, who had, however, declared his intention of renouncing her, unless Alfred would give up Violetta, the generous girl resolves to sacrifice her affections and happiness for her lover's sake, and returns alone to Paris, whither Alfred, overwhelmed with despair when he discovers her flight, follows her. We are then transported to a saloon in the hotel of Flora, one of Violetta's former friends, during a festival given by the fair mistress of the mansion. There Alfred again meets Violetta, now under the protection of the Baron Dauph, and being unaware of the generous notice which made her desert him, he overwhelms her with reproaches, and flings a purse containing money at her feet. In the presence of the company, degraded and heartbroken, the unfortunate Violetta returns home to die; and in the last act we find the sad romance of her life drawing to its close. Alfred, too late, learns the truth, and discovers the artifice she has made to secure his happiness. Penetrated with grief and shame, he hastens with his father, to comfort and console her, and to offer her his hand and name in reparation of the wrong he has done her but too late. The fragile flower, broken on its stem, can never more raise its beautiful head. One gleam of happiness, the brightest that she has known, arising from her lover's assurance of his truth, and his desire to restore her reputation, glides the precious moments of her life, and in a transport of joy her soul suddenly quits its fragile tenement of clay.

## Many Social Activities Are Planned for Friday

Friday's social calendar will be marked with many prominent events throughout the day, with the anticipation of hearing "La Traviata," sung at the Auditorium in the evening with Galli-Curci and Violetta, the frail one.

**Parties for Visitors.**  
Visitors will be the inspiration of much entertaining. Mrs. Archibald McNeill, of Connecticut, who is Mrs. Walter C. Mitchell's guest, will be the central figure at a luncheon given by Chauncey Smith. Mrs. McNeill, who has been one of the feted visitors of the opera season, is en route from Palm Beach to her eastern home. Mrs. William Bailey Lamar, of Thomasville, who is really an Atlanta, but who travels for the greater part of her time, is always entertained by her Atlanta friends when she permits her visits to be of sufficient duration. Mrs. Robert F. Shelden's luncheon today at her home on Peachtree road, will honor Mrs. Lamar.

Another visitor, Mrs. W. B. Haas, will be complimented with a luncheon at the Piedmont Driving club, by Mrs. Franklin McKell.

Lucy Bori is to be an honored guest at the luncheon given today by the Atlanta Alumni club of the Phi Delta Theta fraternity.

One of the outstanding events of the day will be the luncheon at the Atlanta Woman's club by Mrs. R. M.

Boykin, the president, in honor of the delegates attending the Southern Conference for Better Films.

**Supper-Dance.**  
The officers and directors of the Atlanta Music Festival association will entertain at the Capital City club supper-dance this evening in compliment to the artists and directors of the Metropolitan Opera company, the occasion to be marked by brilliance and beauty in detail.

These supper-dances are annual affairs and have been most enjoyable for the reason that many friendships are renewed, and many of the artists are generous in singing many exquisite songs for their admiring audience.

**Other Hostesses.**  
Other smaller parties announced for Friday include luncheons given by Mrs. G. J. Lewis, Mrs. Edgar Durlap, Mrs. George Boynton.

Mrs. Henry P. Nelson will give a luncheon for her guest, Mrs. Leigh Thompson, of Nashville.

There will be many teas given at the Atlanta Woman's club. Mrs. T. T. Stevens will be hostess in honor of her niece, Miss Lucille Gillis, of Charlotte, N. C., and Mrs. Roland Rowe, of Jacksonville, Fla.

Miss Myrtle Schaff, youngest star in the Metropolitan Opera company, is to be honored at a bridge-luncheon by Miss Estelle Lindsey.

## FOREIGN WAR MEN HOLD BI-MONTHLY MEETING TONIGHT

Greater Atlanta Post No. 390, Veterans of Foreign Wars, will hold its regular bi-monthly meeting at the wigwam, 58 Central avenue, this evening at 8 o'clock at which time a large class of recruits will be obligated. In addition, the program includes the discussion of several topics of vital importance to the members of the post.

David Dudley, of the Walter Reed hospital post, Washington, D. C., who recently arrived in the city, will bring a special message from his comrades at the national capital.

Captain Walpole Roland, 95 years old, the oldest member of the order and a veteran of five wars, and Sidney A. Marks, aide-de-camp, will be present. Word has been received here that April 27 has been indorsed by the national executive committee as V. E. F. Americanization day. Appropriate exercises have been planned for this occasion.

## PLAN TO ORGANIZE SCOUTS IN TWELFTH

Dublin, April 27.—(Special.)—At a meeting of the district council, Boy Scouts, of the twelfth district, to be held in this city Saturday, plans are to be formulated for the organization of every county in the district. District Chairman Peter S. Twitty, of this city, accompanied by Special Executive Rivers, is making a campaign of the principal towns of the district in an effort to enlist the cooperation and assistance of other counties in making the movement really district wide.

Six counties already have been organized and the eight counties will be "systematically worked," as stated by Chairman Twitty, during the present week. The scout movement in Laurens county proper, went "over the top" with about two hours work.

Miss Fannie Chadwick, of Huntsville, Ala., will arrive today to attend opera. She will visit Mr. and Mrs. A. F. Walker at the Pickwick. Several parties have been planned in honor of Miss Chadwick.

## Musicians Have Feast of Classics At Badgett Home

Messrs. Verdi, Catalani, Gounod, et. al., were forced to take a back seat last night while the old masters, Haydn, Beethoven and Schubert stepped forward and demonstrated what this thing music really is like. Incidentally the human larynx was given a well earned rest while eagle and horse hair showed what could be done in the way of melody and harmony.

It all happened at the home of Mays Badgett, violin maker extraordinaire, who since the first season of grand opera in Atlanta has given an annual music feast to which leading members of the Metropolitan orchestra and a few of the leading amateur and professional musicians are invited.

A quartet composed of Emilie Dietrich, noted concert performer, on the cello, Fred Schaefer, first violin, Arthur Postneck, violin, all members of the Metropolitan, and George Linder, well-known Atlanta violinist, loved by those who appreciate the loved by those who appreciated the classics. It was a case of artists playing for the love of it and, although the quartet had not practiced together, the results, except of course for a lack of finish, could have been surpassed by the Florentines themselves.

The quartet was followed by violin duets and then by piano solos by Professor I. N. Mager and Ben Polier. Hospitality was dispensed by Mrs. Badgett.

Among the guests were Mr. and Mrs. I. N. Mager and Sunny Mayer, Mr. and Mrs. Ben Polier, W. W. Leffingwell, Col. M. W. Hall, Chas. Fry and R. C. Cuttle.

## Rabun Club Dance Tonight.

Miss Eloise Callahan will entertain the Rabun club, of Oakland City, with an informal dance at her home on Murphy avenue this evening.

A large number of friends and members are invited.

## The Golden Hours of Opera

are always present to those who have equipped their homes with a Victrola. Many operas owe their presence on the stage today to one or two great arias. For instance, what would become of Saint Saens' "Samson and Delilah" were it not for that impassioned love song, "My Heart at Thy Sweet Voice," or the "Flower Song" from Verdi's "Carmen?" When you have a Victrola you can choose the artist who most pleases you. In a single opera you may enlist the services of a cast which would be quite beyond the dreams of even the most ambitious impresario. Galli-Curci, Bori, Farrar, Caruso, Gigli, Martinelli, De Luca, Harrold, Amato, Scotti, Ruffo, all the great stars will sing for you in the privacy of your own home.

## Victrola

There is a Victrola for every one—portable and smaller cabinet instruments for hotel suites and the small apartments, larger cabinet types and art period styles for homes which can accommodate them. A visit to our Victrola Salesroom, where a complete display of all models is to be seen, will be a delightful event. Many quiet demonstration parlors afford the opportunity of careful selection. Our salesmen will be glad to demonstrate any Victrolas which interest you, and you need feel no obligation to purchase.

Victrolas at \$25 to \$1000  
Convenient terms may be arranged

## To Sing Tonight in "La Traviata"

Mme. Galli-Curci and Gigli, who will sing the roles of Violetta and Alfredo, respectively, in "La Traviata" tonight.

visitors including her mother, Mrs. Ida Young, of Charlotte, N. C., who is her guest, and Mrs. Henry McAden and Mrs. Nell Pharr, also of Charlotte, who are guests at the Georgian Terrace.

The house was decorated with beautiful spring flowers. The lace covered tea table was graced in the center with a large silver bowl filled with purple iris and pink flowers.

Assisting in the entertainment of the guests was a group of lovely young schoolgirls, Miss Ida Sadler, Miss Rebecca Harman, Miss Alice Smith, Miss Ellen Newell, Miss Edythe Coleman, Miss Lydia Mathews and Miss Virginia Thomas.

The hostess was gown in black georgette crepe embroidered in steel beads.

The guest list numbered twenty-five guests.

## Mothers' Class Meeting Postponed

The regular monthly meeting of the Mothers' class of St. Paul church has been postponed from Friday, 28, to Friday, May 5. All members please enjoin in honor of prominent opera take notice of change of date.

## Opera Dinner.

Mrs. John D. Little, Mr. and Mrs. John B. Murphy, Antonio Scotti and W. W. Miller, of New York, will be the guests of S. Davies Warfield in his box at the opera tonight. Before the opera Mrs. Little will entertain the party at dinner at her home.

## Mrs. Sadler, Hostess At Afternoon Tea.

Mrs. Gillespie Sadler entertained a group of friends at tea Thursday afternoon in honor of prominent opera take notice of change of date.

## 55th Anniversary Two Days of Courtesy in the Furniture and Drapery Shops Today and Saturday

THE Rich Anniversary Sale is an immovable feast of merchandise, more or less; a fixed calendar event, beginning with May and continuing throughout the month. That has been the observance here for years and years.

IN planning the Sale for this year, the 55th and best of all Anniversaries, the fact that Atlanta would be filled with Opera visitors this week, only a few days before the scheduled arrival of the May Sale next week, has caused us to break a custom insofar as certain departments are concerned.

THE majority of the people visiting Atlanta on the occasion of the Opera are women. They come from the Carolinas, from Alabama and from Georgia—from distances too great to allow them to return to Atlanta next week. They are usually women at the helms of households—their vocation is home-making.

Now, the 55th Anniversary will team with extraordinary offerings in homefurnishings

IT would be not only an injustice to us, but to them, to withhold these offerings until Monday next, since most of the Opera visitors will have left town by then. Therefore, we have decided upon an unusual course.

We have decided to extend two days of courtesy, Today and Saturday, April 28th and 29th, in which you may buy the remarkable 55th Anniversary offerings in rugs, curtains and draperies, cretonnes and furniture.

LET it be clearly understood that these two days of courtesy extend only to the departments mentioned above, with the single exception of Silk Hosiery, mentioned elsewhere in today's paper, that is, the Home Departments, and that the Anniversary Sale proper does not open until Monday next.

**M. RICH & BROS. CO.**

## Cabaret Dinner-Dance Given at Standard Club

A brilliant event of Thursday evening was the annual formal opera ball at the Standard club. The club was handsomely decorated in variegated spring flowers. La Feli's Chicago orchestra gave the musical program and six cabaret numbers were introduced between the general dancing.

## Officers' Table.

The officers of the club, Leo C. Strauss, president; Emil Dittler, vice president; and D. J. Apte, financial secretary, were at the director's table with their wives and guests. Mr. and Mrs. Leo C. Strauss had as their guests, Mrs. J. R. Haas, of Memphis, and Miss Clementine Haas.

## Other Parties.

Mr. and Mrs. L. J. Rosenberg and Mr. and Mrs. L. J. Revson were together. Mr. and Mrs. Bert L. Fox had as

their guests, Mr. and Mrs. Louis Steyerman, of Thomasville. Miss Nina Weichselbaum, of Macon; Mrs. Esther Adler, Julius Brail and J. B. Freitag formed a congenial party.

## Beautiful Gowns.

Mrs. Leo C. Strauss was gown in brown lace, handsomely beaded and worn over chiffon.

Mrs. L. J. Rosenberg was gown in blue brocaded chiffon.

Mrs. D. J. Apte was beautifully gown in black sequins and tulle.

Mrs. J. R. Haas, of Memphis, was gown in black lace.

Miss Clementine Haas was lovely in brown chiffon, heavily beaded.

Mrs. Bert L. Fox was beautifully gown in green chiffon.

Mrs. Louis Steyerman was gown in black lace, trimmed in sequins.

## Silk Hosiery

Two Days of Courtesy  
Today and Saturday

—For these two days women visiting Atlanta on the occasion of the opera and Atlantans themselves will have the privilege of choosing in advance from the marvelous silk hosiery that goes on sale Monday next, the first day of the Rich 55th Anniversary. —Ask to see samples in the Hosiery Department.

## HUSBANDS AND ELASTIC BANDS

**Ready to Pity Ourselves.** It is a splendid thing to know one's weaknesses and faults, to admit them when one is accused of them and make known one's determination to do better. But it is just as well not to force them on one's husband's attention or to suggest to him reasons for being so dissatisfied.

Social times have caught myself indulging in self-pity because someone had suggested to me that I deserved sympathy for something that I up to

Sale.**

**Save Time; Prevent Waste in Cookie-Making..**

The next time you make cookies or gingersnaps, try this method of shaping them: After mixing the dough, cut it into small pieces. Roll them into balls the size of walnuts. Pat the balls into shape with the bottom of a cup. This method requires no rolling; no cutter is needed, and there are no waste ends or small pieces.

(Copyright, 1922, for The Constitution.)

It was later than Sally had expected it would be when she and Rex Mallory left the Blue Kitten inn. Rex had been so absorbed in the lit-

9

It is always awkward to have the guest room a room that is occupied normally by some other member of the family. A guest is made uncomfortable to think that someone has been put out of his room to make room for him. However, it is quite possible to combine a guest room and sewing room. There is usually room in the guest room for sewing machine and shelves of sewing equipment, and it is always an advantage in the sewing room to have a bed where freshly-made frocks may be laid for finishing touches.

**"Knock-Down" Kite (Continued).**

By this time you should have the kite frame and cover all made, as shown Wednesday and Thursday.

Stringing the kite is very simple. The string is run through the 12-foot loop passes through the cover at the top and bottom of the kite, at points about eight inches from extremities, and is then run through the center. Figure 5 shows the outline of the kite as if looking at it from on top. Figure 6 outlines as if seen from the side. Figure 7 shows the positive cord (express twine) is attached to the main cord. "EZ" shows how the cords are looped together so that they may be pulled together. Figure 8 shows the "knock-down" kite taken apart and rolled up to be carried to the field of sport.

This kite, if properly made, will fly. The string will give a safety reel for the cord that will be shown tomorrow. LEROY CRIGLER.

## AT WOMAN'S WINDOW

BY W. L. GEORGE

Have you ever visited a prison? This question is not addressed at any one's past, which is not my business. I mean, have you ever seen a visitor within a woman's goal? It is worth while to know the inside of such a place, painful as the experience must be. We forget that in our midst thousands of women are living a peculiar remote life; we should know something of it because that life is our doing. By our governors through our votes, we have built the goals, and we keep them up. By our crimes and follies we stock them. We ought to know what happens there.

Every woman of influence in her city should visit the country goal. I am not thinking of merely affording her a new insight into human nature, though that matters, for she will find in prison persons and points of view with which her daily life gives her no contact. I am thinking of the powerful reformative influence that women exercise through their votes, and especially through their magnificent obstinacy when they pursue an object. They can do for the fallen and the criminal (there's very little difference, really,) more than can men, because they care for the individual while men care for the nation. There are girls in goals who should be in homes; it is woman's job to get them out. There are admirable humane prisons (I visited one); there is one known to me where a complete meal is placed on a single soiled plate. It is woman's job to advertise the good and alter the evil. It is for her to humanize conditions under which live women who are still human.

## HOUSEHOLD SUGGESTIONS

## To Keep Doughnuts Fresh.

A half-dozen of white bread put in with the doughnuts will keep them light and soft.

## That Old Bread-Box.

An old bread-box is an excellent receptacle for the 50 pounds of sugar which you will use during canning season.

## A Hint for House Plants.

A little olive or castor oil rubbed on the leaves of house plants will make them look fresh and waxy and also strengthen them.

## For White Clothes.

Do not throw away egg shells. Placed in a muslin bag and put in the boiler on wash day, they will whiten the clothes. When finished, if the bag is hung out to dry, the same shells can be used a number of times.

## In Case of Fire.

Keep a cool head. Salted water is excellent. Close the doors and windows. A bucket or sack of sand is a formidable weapon. A wet broom, rug or blanket is a better aid to fire-fighters than a bucket of water, which often scatters the blaze. To escape from a smoke-filled room, wet the nostrils well with saliva, if a wet cloth is not accessible, cover the head and crawl to the exit.

## The Children's Hour

When we think how much we use our hands, we realize that we can't begin too soon to train them. This dainty little lantern is good practice for the very tiny tots.

Give the little one a 5-inch square of brightly-colored paper. (A square cut from a colored picture will serve the purpose.) Let her fold it in halves. Mark lines for her as shown by the white lines in the diagram. Then give her a pair of blunt point scissors, so that she may cut out the lines. Then let her open the square and paste the sides together. A strip of the paper makes the handle.

If the child is clever with her fingers, she will be able to make several of the lanterns. She will enjoy doing them even more if the colors are different. **B. L. RIBLER.**

## The Constitution Patterns

## A POPULAR STYLE FOR SERVICE PORCH.

Pattern 3736 was used for this attractive style. It is cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches, bust measure. A 38-inch size will require 5-1/4 yards of 38-inch material. The width of the skirt is 2 yards at the foot.

Gingham, seersucker, Percale, lawn, repp, linen, voile and garbazine may be used for this model.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

## CHARLES H. WHITE DIES IN BARNESVILLE

Barnesville, Ga., April 27.—(Special.)—Charles H. White, confederate veteran, died here today, after an illness of several weeks. He was 78 years old and for many years had been a prominent citizen of Barnesville.

Funeral services will occur tomorrow, conducted by Rev. H. L. Edmondson, pastor of the First Methodist church, of which he was a member. Mr. White is survived by his wife, two sons, Leigh M. White of Savannah; C. H. White, Jr., of Memphis, Tenn., and one daughter, Mrs. J. T. Wood, Valdosta.

## HIGH SCHOOL MEET

Open Annual Session in Thomasville.

Thomasville, Ga., April 27.—(Special.)—The annual high school meet of the second congressional district opened here tonight at the East Side school with a debate, followed by a reception to the visitors.

Seventeen accredited high schools are represented by 250 pupils and teachers. The chief feature tomorrow will be the athletic events in charge of H. J. Stegeman, coach of University of Georgia.

## Women Are at Work.

Contributions from Atlanta women are coming in slowly, according to Mrs. Irving S. Thomas, woman's chairman, and she urges that all women mail their checks immediately to appeal headquarters at 57 Walton street.

The total amount received in the appeal up to Thursday night was \$14,000, less than one-third of the quota of \$50,000.

A money order for \$2 was received Thursday morning from one of the men at the federal penitentiary. "I know, and have known for a long time of the great work you are doing," the letter stated, "and I wish I could contribute more, for I know that of all organizations who extend a helping hand to the man who is down, the Salvation Army stands foremost."

## DANCER TO ENTERTAIN CIVITAN CLUB FRIDAY

Miss Louise Sikes, talented Atlanta dancer, will entertain the Civitan club Friday at its weekly luncheon, at the Kimball house breakfast room. In the absence of President Julian Boehm, Herbert Porter, vice president, will preside.

## BEAUTY CHATS

## FILL OUT HOLLOW SHOULDERS

There are two, and only two, ways to fill out shoulders that are too hollow for beauty. One is to hold them properly back, with the chest high, and to take deep breathing exercises, and the other is to massage the hollow places with warm cocoa butter. A good plan would be to try both these treatments at once.

If you try massage, wash the skin with warm water or at least hold towels wrung from hot water over it so that the pores of the skin are open ready to absorb the nourishing oil. Warm the cocoa butter and then massage vigorously with the tips of the fingers until you feel you have worked in a certain amount. Of course treatment like this would have to be given at bedtime, otherwise the clothing would be hopelessly stained. In fact, you have to wear an old nightdress on the nights when you give yourself this massage. It really is very beneficial, for cocoa butter is probably the most fattening oil.

In the morning you should wash the skin with warm water, for a certain amount of oil will remain and might stain your underclothing. In the morning also stand before an open window well propped up so you will not catch cold and begin coughing.

## OCEANS ARE NARROW WHEN FASHIONS TRAVEL

What's that you say, m'dear—America is a year behind Paris with the styles—well, rather not. A frock not two weeks off the Rue de la Paix has arrived. It is of toulard fashioned on the very slim silhouette with draped sides and cut in one piece to slip over the head. Cleverly placed tiny tucks give the effect of panels and yokes, and the fabric list you, is shower proof.

## WHAT'S WHAT

By Helen Decie

If a girl's fiancé should die before the wedding date, should she wear mourning? This question is not so frequent as it was in wartime, or during the influenza epidemic, but it is asked occasionally, even now. And the answer, now, as then, must be that the girl should decide for herself whether or not she shall wear black for a certain time. In no case should she wear the deep mourning of a widow.

Some women of sound social judgment believe that it is better for a girl not to wear pronounced mourning apparel when an engagement has been broken by death. Mourning means not only all-black clothing, but going into seclusion for at least six months. All this should be considered by the girl and her mother. It is distinctly their concern, and theirs alone, if they decide to adopt the external symbols of bereavement.

## The Wraps of Spring in a Close-Out Sale VALUES MOST EXCEPTIONAL

Capes. Coat-Capes. Dolmans. Coats. Every attractive type of wrap the season has known.

Piquettes, Veldynes, Marvella Cloth, Orlando, Gerona and other desirable fabrics.

Navy blue, black, shades of brown, tan, rust, grey, taupe, Sorrento blue, plum and other pretty shades.

Some are handsomely trimmed in very elaborate, deep silk fringe.

Embroidery in self or contrasting color is frocked very effectively on many.

Some are quite plain and some are in two-tone combinations.

## Reductions Are Very Liberal

\$58.50 Wraps at . . . . . \$39.00

\$68.50 Wraps at . . . . . \$45.67

\$78.50 Wraps at . . . . . \$52.33

\$125.00 Wraps at . . . . . \$83.34

\$ 89.50 Wraps at . . . . . \$59.67

\$ 98.50 Wraps at . . . . . \$65.67

READY-TO-WEAR—SECOND FLOOR

## Loreley

—not the beautiful witch that lures on to danger and death

—but the witching beauty of charming things for your home and for your own adornment—things that bring cheer and happiness and length of days.

Frankly, we are arrayed to tempt and we fondly hope and believe that no one who sees can resist the charm of all our temptations!

## You Are Cordially Invited to Run the Risk!

Visit our main aisle display and see how much happier you could be with some of the really fine things for the home—furniture, lamps, Oriental rugs, objects of art and glasswares. If the furniture interests you be sure to go to the fourth floor where you will see the south's largest display of furniture of real character. If you are pleased with the splendid rugs or the lamps, china, and glass, be sure stop at the third floor and enjoy the magnificent display of Oriental rugs. Here, too, are the draperies and domestic rugs.

The beautiful display of lamps and glasswares and unusual things in pottery and art objects is sure to prove interesting.

On the same floor also will be found the Art needlework section with its exquisite hand-craft things for boudoir and for personal wear. Fascinating to all women are the many things to be embroidered or otherwise hand-worked—both in decorative home things and for wear.

As you stroll down the main aisle you will undoubtedly be tempted to turn to right and left, for there is a veritable embarrassment of riches in the way of lovely things to be seen.

Jewelry, bags, silverwares, combs, beads, trinkets and cunning conceits for personal adornment.

Men's Wear in shirts and ties, sox in tempting array and quite unusual things in usual wear like pajamas, bath robes and dressing gowns.

Fans—gorgeous affairs of ostrich in colors gay, or demure little ones that really "fan" when hot days arrive.

Neckwear of exquisite lace or simple lawn and quite stunning things in gay "Sports" designs. Ribbons in kaleidoscopic array. Silks that flash a thousand hues bring visions of bewitching gowns.

Perfumes, powders, rouges—who would try to resist the lure of beauty so easily acquired!

Lace and embroideries—lovely robes of lace or net need but a touch of modiste's art and lo! a charming gown!

Gloves and Handkerchiefs—gauntlets thrown down to beauty. Bright bits of color—little odor-wafting banners.

Notions—needles and pins—not where "trouble begins," but a thousand and one useful things to meet every little daily need and smooth out the troubles.

Hosiery—an aristocratic assembly of all the real "quality" of the hosiery world.

A whole section, too, devoted to hose for younger folks.

Linen of such exquisite quality, and so beautifully hand-wrought with 'brodery and laces that they belong in the realm of the Fine Arts.

Cotton fabrics in quaint old-fashioned prints and Chintz revived. Sheer Swisses and organdies from the looms of foreign lands. Color, color, color, like the bloom of old-time gardens.

Footwear—"golden slippers," bridal satins, silver and beaded things that dance right into your possession at sight.

Substantial walking companions.

## The Second Floor

Here is where the enchantress of fashion weaves her magic spell beyond the power of mortal woman to resist!

Underthings, all fluff and lace and silken softness.

Negligees in clinging, flowing lines of witching beauty that imbues the wearer with charms beyond those of the fabled Loreley!

Gowns for dance and occasions formal—starlike robes of gleaming silver—the flash of sapphire flames—stately black robes and the brilliant hues of youthful frocks.

Suits of smart design and furs of softening touch. The swish of silken skirts. Fairy-wrought things for babies' wear.

Eternal youth expressed in charming things for the very young and the young of all ages.

And the greatest temptation of all—

Delectable things for "the inner man"—the most delicious and daintiest foods, well served 'mid attractive surroundings—Top Floor.

## Chamberlin-Johnson-DuBose Company

# ATLANTA SINGS IN THREE VOICES

WGM Concert This Evening by Harold K. Van Buren in Bass, Baritone and Tenor Solos.

A bass, a baritone and a tenor solo, all three sung by the same man, will be an unusual feature of WGM's musical program at 6 o'clock this evening. He will cover three octaves and two notes range in the three voices.

Harold K. Van Buren, the versatile vocalist who will sing the triple role, is the man who trained the Fulton High School Glee club and who distinguished himself as a singer in "Pinafore." He was formerly a member of the choir of St. Peter's and St. Paul's cathedral of Washington, D. C., and has a considerable reputation both in sacred and concert music.

The program arranged for Mr. Van Buren will be opened with "O'er the Willow Sea," a resonant basso number which slides down to a pitch difficult for the best bass singers. The second number is "Dance of the Pinks," a melodious baritone selection. The closing number will be the beautiful "Ave Maria," by Gounod, in which the singer to a high sound pitch.

Few audiences within range of The Constitution's broadcasting station have heard one man sing in three voices and, as far as the radio department has been able to learn, it will be the first time such a program has ever been broadcast by radio-phones. The concert will begin promptly at 6 o'clock this evening and radio-phones users are advised to tune in at 300 meters at exactly that time in order to miss none of the unusual music.

## ANSWERS TO QUESTIONS

Radio Editor: Can I use the enclosed wire for making an audio frequency transformer? How many turns shall I put on the primary and how many turns for the secondary and what size wire? Would it be good if I used soft iron wire for the armature?

H. S. The wire you propose to use is the wire that is actually used in a transformer of this kind. You will find that you cannot use one of these iron wires, because they have to be designed by experts, and even then require a lot of experimenting before they are perfect. Your design for the core must be a closed core and not of the type you have shown. This department cannot give you any further data on these matters, as they are not recommending the amateur to build them. They are not worth it, and you will get much better results by purchasing one at the start.

Radio Editor: Having stated that the lead-in must be taken from one end of the aerial, why is it that most of the ships have the lead-in from the center?

F. F. You must not confuse the aerial used for transmitting with the one that is used for receiving only. The aerial for transmitting such as the ships have is the best because it radiates energy in all directions, but when the set is used for receiving only one-half of the aerial is actually doing any good. Receiving and transmitting aerials are entirely different matters.

Radio Editor: Please let me know if I may use 10-volt D. C. stepped down to six volts for operating vacuum tubes?

A. A. L. The storage battery will give far better results, and we would suggest that you use the D. C. to charge the battery instead of running the tubes direct. On account of the commutator of the generator the D. C. has a number of breaks in it and it will make a hum in the receivers that will be very hard to eliminate.

Radio Editor: In some honeycomb coil hooks the bridging condenser is connected from the positive side of the B battery to the filament, and in others it is connected from the filament direct to the plate. Which is correct? Can an .001 condenser be used for the primary condenser instead of a .0015 condenser? Does choke coil amplification eliminate distortion?

R. J. The bridging condenser may be

# RADIO DEPARTMENT

FIFTEEN MINUTES OF RADIO EACH DAY

BY EDWARD N. DAVIS

Formerly Technical Electrical Expert for United States Government

Lesson No. 28

THE SINGLE SLIDE TUNER

The single slide tuning coil is the earliest and most simple device used in radio telegraphy for tuning purposes. It is true that signals can be heard without the use of any tuning coil whatever, using only the aerial, ground, detector and head telephones, but such a receiver would not give the operator any choice of stations or selection of waves. A circuit of this sort is, therefore, impractical and of use only in an emergency.

It has previously been explained that when alternating current was flowing in a circuit containing inductance (inductance reactance), and capacity (capacity reactance), that the effect of the inductance was to retard or cause a lagging of the circuit behind the force (voltage) which causes it to flow; also that the effect of capacity was the reverse of this, that is, capacity tends to force the current ahead of or to lead the force (voltage) causing the current to flow. These two effects, being opposite, when brought together, be made to neutralize. This neutralization of reactance is "tuning."

It can be clearly stated now that the adjustment of the inductance, or turns of wire on the coil, can be made to neutralize the reactance of the antenna capacity for any desired frequency. As frequency is indicative of wavelength, it can now be seen that the adjustment of the single slide coil permits the tuning of any wavelength within the limits of the coil.

In the interest of those who are considering the construction of a single slide tuning coil, the following general statements will give sufficient practical information. First, any size of tubing may be used. However, the smaller the diameter the greater the length must be for the same wavelength ranges. A diameter approximating two and three-quarter inches is a good average. Second, any size of wire may be used, but efficiency, wear and resistance recommend the use of wire sizes between No. 24 and No. 18, the larger sizes within this range being more practical. Third, the number of turns of wire for the same wavelength range will be greater the smaller the diameter of the windings (tube). Assuming a diameter averaging from two and one-half to three inches, it will be found that ten turns of wire for every 100 meters wavelength range will be a fairly practical estimate. Thus, to tune 400 meters, use about 40 turns. To tune to 3,000 meters, use about 300 turns. This is not a hard and fast rule, but gives approximate correct values.

(Copyright, 1922, for The Constitution.)

connected in the circuit in either way. Both circuits are correct.

The primary condenser should be .001 mfd for the best results. Choke coil amplification will not necessarily eliminate distortion. Improperly adjusted circuits have more to do with it. Radio Editor: Will it be possible to use a magnavox with a detector built alone?

F. K. G. You may use the magnavox in this way, but the results will not amount to much unless you are already getting signs so loud that you cannot hold the receiver on your ears with comfort. Radio Editor: I am interested in making a regenerative set. Would it be possible to use a loop aerial with such a set, and what would be the cost of such an outfit?

R. F. You may use a loop aerial with any set, provided that amplification is used. Remember, though, that the loop aerial will not give as good results as the outdoor aerial. In order to make the set work, it is necessary that you will have to use at least two stages of amplification. The set will cost well over \$100, including the cost of the batteries, phones, loud speaker, and bulbs. (Copyright, 1922, for The Constitution.)

LISTENING IN

The department of commerce has announced that the bureau of standards will publish, about the first of May, a paper describing a receiving set that the department has developed which eliminates the use of the storage battery, the most expensive part of the home-made receiving set. This set, developed by the bureau of standards, makes it possible to connect the set with the lamp socket.

An announcement of wide interest to the effect that the American Telephone and Telegraph company has sold its interest in the Radio Corporation of America, was recently made by the former. This step will probably abrogate number of important existing agreements.

A novel test will be made tomorrow at the radio luncheon of the New York Electrical league, to be held in the grand ball room of the Hotel Astor. Radio concerts will be broadcast from the Newark station of the Westinghouse company and the West street station of the Western Electric company. Then the performers will come to the hall in which the guests are being entertained, and sing the same songs. This will make very interesting comparisons between the direct and the broadcast version of the same singing voice possible.

Those who have difficulty in keeping track of the call numbers that they are able to hear with their receiving apparatus will be consoled to know that there are now more than 150 broadcasting stations in the United States that have been licensed by the United States department of commerce. In charge is the fourth of 50 more stations have applied for the right to use the ether.

After July 1, it is said, the south is to have a radio inspector of its own, in the place of the present arrangement whereby the inspector in Baltimore is in charge of the fourth district of radio inspection service, besides the third, having headquarters in Baltimore. Savannah has been considered the probable office of capital for the southern district.

A Minnesota genius has built a phonograph into a hollow cedar stump in his garden, the opening in the stump serving as an amplifying horn.

# PAGLIACCI SING OVER RADIOPHONE

Many Atlanta music lovers who are radiohounds have heard Pagliacci at the City Auditorium Thursday afternoon and then went home, tuned up their receiving sets, for WGM, and heard it most stirring arias again when they were broadcast at 9 o'clock by The Constitution. And they heard what they will never hear again at the City Auditorium—Caruso.

Claudio Muzio, who sang Nedda at the Auditorium Thursday afternoon; Pasquale Amato, well known here but not with the company on its Atlanta trip this year, and the immortal Caruso were the trio of artists from whose throats came the music that has been preserved on Victor and Edison talking machine records from which the music was broadcast, through courtesy of the Cable Piano company.

The program was opened by Arthur Pryor's band in the prologue. Then Amato, singing Nedda, was heard in the "Bird Song," sung by Claudio Muzio on an Edison record. Brooding over her husband Caruso's jealousy, she sings the doves' "No Pinafore."

Then came the song that has stirred the hearts of music lovers as few songs have, "On With the Play," sung by Caruso in the role of Caruso, who has just discovered the unfaithfulness of the wife he adores. The song is generally known as the "Sob Song," sung by Claudio Muzio in the role of Nedda, in which Caruso reveals his knowledge of the deception of his wife and throws off the mask of the player, was sung by Caruso.

After the conclusion of the Pagliacci recital, WGM broadcast the first of a record released by the Victor company since the death of two singers. It is a sacred song, "Crucified to Save Us."

Before the end of the last song a request was received by gramophone for "Indian Lament," an Edison violin record by Albert Spalding. That was played as an encore number.

The service Thursday night was said to have been unusually good, a result of two weeks of experiment by the service, and the fact that the service is in an effort to make it as nearly perfect as the present state of radio development permits.
